

Allegations of land fraud against Kavalem Mutt Swami, advocate, dismissed as 'election stunt'

Team Herald

PONDA/PANJIM: The Advocate of Kavalem Mutt, Manohar P Adpaikar, has denied allegations of impersonation, cheating, and forgery filed against him, the 77th pontiff of Kavale Mutt, Shree Shivanand Saraswati Swami, and Math Attorney Avadhut Shivram Kakodkar.

The allegations stem from an FIR registered at Ponda Police Station on January 15, 2025, based on a complaint by Bhushan J Jack and Dr P S Ramani. The complaint accuses the trio of fraudulently executing a Power of Attorney (POA) on February 20, 2018, and misusing it to sell Mutt property located at Queula village, Ponda, on March 20, 2018.

The complainants allege that the POA, purportedly executed by Shree Shivanand Saraswati Swami, fraudulently used the name of his predecessor, Srimant Satchidananda Saraswati, the 76th pontiff of the Mutt,

THE KAVALEM MUTT
Shri Gaudapadacharya Mutt, also known as Kavalem Mutt, is located in Ponda, and is the oldest Mutt of the Smarthan Saraswat Brahman Samaj. It was founded by Gaudapada around 740 AD, who was the guru of Govinda Bhagavatpada, the teacher of Adi Shankaracharya, a highly influential figure in Hinduism. There is a belief that Gaudapada himself established the Shri Gaudapadacharya Mutt during his time in Gomantak (Goa). Consequently, the Mutt came to be known as Shri Sansthan Gaudapadacharya Mutt. Shree Shivanand Saraswati Swami is the current and 77th pontiff of the Guru Parampara

who passed away in 2005. The POA authorised Kakodkar to act as the lawful attorney of the Mutt. This POA was allegedly used to execute a sale deed of the property, known as "Velpan," measuring 675 sq.m. under Survey No. 69/16.

However, Adv Adpaikar clarified that the property sale was annulled in court after it was noticed that Shree Shivanand Saraswati Swami's name was absent from the sale deed. "The sale deeds have been declared null and void, funds were returned to the purchasers, and the property

reverted to the Mutt," said Adpaikar. He attributed the issue to a clerical error and asserted that all signatures on the sale deed were made by Kakodkar as the POA holder.

The complainants allege that Shree Shivanand Saraswati Swami impersonated his predecessor to execute the POA in 2018. Adpaikar dismissed the allegations as baseless. "The case of impersonation does not arise as all signatures were made by the authorised attorney. This issue is being blown out of proportion with Mutt committee elections ap-

proaching," he stated.

Kakodkar, identified as the Mutt Trust Secretary, allegedly approached Adv Adpaikar in 2018 with supporting documents, including ownership papers in the name of Srimant Satchidananda Saraswati. Adpaikar claimed that Kakodkar, alongside the buyer associated with Maharshi Adhyatma Vishwavidyalay, provided the documentation to draft the sale deed.

Upon discovering the error, the Mutt sought legal

HC issues notices to govt for altering seniority list at Animal Husbandry dept

Team Herald

PANJIM: The High Court of Bombay at Goa has issued notices to Goa government and others for altering seniority list by the Department of Animal Husbandry and Veterinary Services.

The notices were issued while hearing a writ petition filed by Deputy Director of Animal Husbandry and Veterinary Services Dr Veena Kumar. The petitioner has challenged the final seniority list dated June 25, 2024 by overlooking the seniority list dated May 30, 2024. The final seniority list has resulted in the petitioner reporting to her junior Dr Nitin Naik, which was unfair and discriminatory vis-a-

vis the petitioner.

The petitioner has prayed to withdraw/cancel/revoke the order and further direct the government to issue orders appointing her to hold the charge of the Director on officiating basis, being senior-most officer after her reposting from the Goa Meat Complex Limited.

The government had earlier issued orders to Dr Veena Kumar to take charge of the Director of Animal Husbandry and Veterinary Service being the most senior-most officer in the head office.

The petitioner was appointed as Veterinary Officer (VO), Group B Gazetted post on ad-hoc basis vide order dated September 20, 1991 which was

later regularised and confirmed in the post of the V.O. vide order dated September 9, 2011. She was promoted as Assistant Director (Group A Gazetted) on regular basis through an order dated January 31, 2019 and was placed on seniority at Serial No. 2.

The petitioner has claimed that being the senior-most officer, she was entitled to take the additional charge of the Director in place of Dr Naik. This has not happened yet after Volvoikar relinquished his charge as Director of AHVS. This has resulted into the petitioner reporting to her junior Dr Naik, an embarrassing situation and arbitrary and discriminatory towards her.

Flipped visitors lay 115 eggs at Anjuna-Vagator beach stretch

Team Herald

MORJIM: Flipped visitors sparked some excitement for the first time in 2025 after they laid around 115 eggs along the Anjuna Vagator beach belt and kicked off the nesting season for Olive Ridley turtles.

Forest officials have shifted the clutch of eggs to the nesting site at Morjim for safety purposes.

Officials from the Forest Department have been camping for the last 3 days at this stretch and keeping a close watch on the movements of the turtles and finally discovered quite a number of eggs laid by the visitors.

According to locals and forest officials, the possible crackdown on loud music has enabled the turtles to come to the shore to lay their eggs however in what could be a disappointing factor is some unruly tourists who drink and make noise late in the night also drive their vehicles along the beach

Local tourists becoming a 'nuisance' in Calangute: sarpanch

Says unregulated water sports activities, influx of domestic tourists more of a bane than boon

Team Herald

CALANGUTE: The state government and the tourism department must take urgent measures to address the decline in tourism, particularly in Calangute, said Sarpanch Joseph Sequeira.

Speaking to the media on Thursday, Sequeira highlighted several issues affecting the Calangute-Candolim beach belt, ranging from assaults on tourists by beach shack workers to accidents involving watersports operators. "All these tourism-related activities on the beach, like beach shacks and watersports, are directly under the control of the tourism department. We [the village panchayat] have no control over them," Sequeira stated.

Sequeira shared that he had proposed measures to the state government to manage the surge of low-budget tourists, which he claimed had created

numerous problems for the region. "When tourists enter Goa, they head to Calangute. How can we stop anyone from coming to Calangute? So, everyone comes. I have put a proposal to the state government that all these jeeps that are coming should be checked to see if they have hotel reservations. I suggested setting up four checkpoints at the entrance of Calangute. It is still pending. Our government is not interested—it is still under consideration," he remarked.

He further alleged that the uncontrolled influx of domestic tourists has caused foreign tourists to avoid Calangute. "The number of foreigners has really dropped. It's very sad that foreign tourists are not coming to Calangute anymore. It's because of the Indian tourists on the beach who want to take selfies with foreigners and click

their photos. That's why foreign tourists don't want to stay here," he added.

Sequeira also criticised the proliferation of cheap and illegal biryani stalls, which he said were harming tourism stakeholders. "A lot of people come in cars and jeeps, park, go to the beach, use public toilets, buy Rs 100 biryani, sleep on the beach, and leave. Where is the business for the public of Calangute? Where is tourism? Earlier, guests who came to Calangute would spend around Rs 1,000 on food. Now it's gone from Rs 1,000 to Rs100," he said, emphasising that such tourists do not contribute to the tourism industry.

Sequeira called for immediate intervention from the government to address these challenges and revive tourism in Calangute, which was once a preferred destination for both domestic and international tourists.
