PANJIM: After committing the heinous gang-rape at Cansaulim, the five brutes dumped the mentally challenged victim on the Nuvem highway at 3.30 am, leaving her to fend for herself by roadside.

Revealing further details, the police on Saturday stated that the mentally and physically tortured girl made desperate attempts to stop motorists in the wee hours, pleading for help. However nobody paid heed to her frantic cries. However, it was only after a Good Samaritan responded to her pleas for help, and stopped by. The girl then narrated her horrific ordeal she underwent at the hands of the five rapists.

"Seeing her in a dazed state, the passerby immediately contacted the police control room and patiently stood along with the victim and comforted her till the police reached the site," South Goa SP Sunita Sawant said.

the Forensic Team was sought. With immediate corroborative evidence, the police teams swooped down on the accused rapists and nabbed them.

76th Republic Day

This Republic Day, take a pledge to make India developed and extremely prosperous.

Foreign invaders looted India

In a recent survey, the Oxfam Global UK, a world-renowned organization, has revealed that between 1765 and 1900, the Britishers plundered \$ 64.82 trillion from India. This data doesn't include other stealth and plunder by the British, the Portuguese, the Dutch, the Huns, the Shakas and the Mughals before and after this period. The average loot of 1000 years, would be at least above 100 trillion. If we consider the volume of loot as 25% of the size of the country's gross economy, then 500 years ago it should have been around \$ 500 trillion.

These data shared by foreign organisation on India's extreme prosperity is as per documentary evidence available. We want all Indians to understand these truths and facts of plunder. We should resolve and organize ourselves to save Mother India from the loot of these foreign forces in future and take a vow of partaking in this great yajna of Swadeshi, in which Patanjali has been making its humble contribution towards the nation.

We should keep in mind that foreigners have plundered trillions of dollars and are still doing so through selling soaps, shampoos, oils, cold drinks, pizza, burger etc.

PATANJALI®

Patanjali's Services to Mother India and the Sanatan

Patanjali has been serving Mother India by engaging in nation building activities that includes education, health, research and character building. During past 30 years, it has spent about one lakh crore rupees in these services and this is going uninterruptedly.

This Republic Day, we urge every Indian to become an informed citizen and save the country from economic plunder and slavery by adopting the best Swadeshi products of Patanjali. The fundamental principle of our Swadeshi campaign is that the country's money should remain within and be used in the interest of the country. We have presented an ideal example of Prosperity for Charity by investing the money earned through hard work in charity.

Sanatan's resolution on Maha Kumbh

Tenets of Sanatan Dharma are unity, equality, purity of conduct, maximization of efforts, strict adherence to one's own religion (Swadharm), goodwill, unflinching belief in Vedas, the Guru, and the Sanatan cultural constitution of God as well as the democratic constitution of the country.

In Sanatan Dharma, there is no discrimination, partiality, hypocrisy or superstition of any kind in the name of caste, class, or community. On the occasion of Mahakumbh, we need to believe, live and promote the fundamental principles of Sanatan Dharma and be determined, organized and capable of giving our 100% to establish Sanatan Dharma as the religion of the era. We also need to counter the organized antagonism against the Sanatan.
