Teen drugged, raped at birthday party in Palghar; boyfriend booked

PALGHAR: A 16-year-old girl was allegedly drugged and raped by her boyfriend at a birthday party in Maharashtra's Palghar district, police said on Sunday. Based on a complaint, the Virar police on Friday registered a case against the accused under sections 123 (causing hurt using poison, etc. with intent to commit an offence) and 65(1) (rape of woman under 16 years of age) of the Bharatiya Nyaya Sanhita and Protection of Children from Sexual Offences (POCSO) Act, an official said. The complainant has alleged that the accused took her to the birthday party of a common friend on the evening of January 2 and offered her cake and drinks laced with sedatives, he said. The official said the teen fell unconscious and was allegedly raped by the accused in the bedroom of their friend's house. The girl recently found out that she was pregnant due to the assault and lodged a complaint. No arrest has been made, and a probe is underway, he added.

Manipur: Two militants arrested for threatening security forces in viral video

CS assures timely delivery of funds, assistance to displaced people in violence-hit Manipur

PTI, IMPHAL: Two members of the proscribed Kangleipak Communist Party (City Meitei) were arrested for making a video threatening the security forces for arresting some village volunteers, police said on Sunday.

Moirangthem Thoiba (36) was arrested from Thamnepokpi in Bishnupur district, while Saikhom Lemburs Singh was nabbed from Imphal East district, they said.

Singh was also involved in extortion, police said. In another operation, a combined team of Manipur Police and Assam Rifles arrested two cadres of the

banned United National Liberation Front (K).

Those arrested were identified as Wangkhem Rohit Singh (18) and Thangiam Nongan Meetei (18). They were involved in extortion of money from shops and vehicles, police said.

Manipur Chief Secretary Prashant Kumar Singh on Sunday assured that internally displaced people in the violence-hit state would get funds and assistance in time.

He also said all-out support from the administration would be provided to them.

Speaking at an event held

in Imphal East district, Singh acknowledged "the hardship faced by the displaced people, who have endured the ongoing conflict for nearly two years, with lack of basic amenities".

The chief secretary asserted that ongoing initiatives would be made more efficient and transparent to provide better support for the displaced people.

More than 250 people have been killed and thousands rendered homeless in ethnic violence between Imphal Valley-based Meiteis and adjoining hills-based Kuki-Zo groups since May 2023.

The chief secretary ex-

pressed admiration for the courage and resilience of those displaced from their homes in enduring the situation.

Noting that there was a delay in providing funds and assistance in the past, Singh assured "timely delivery henceforth and all-out support from the administration" and wished "a safer, free from fear and self-reliant future for the displaced people".

Imphal East Deputy Commissioner Khumanthem Diana Devi also stated that the district currently hosts 3,500 displaced people across 17 relief camps and 400 units of pre-fabricat-

ed houses accommodating 1,394 from 359 families.

She mentioned that over 293 families have returned to their villages with the improvement of law and order situation.

During the event, a total of 146 looms with accessories, provided by the Weavers Service Centre under the National Handloom Development Programme, were distributed to internally displaced women weavers.

Powergrid Corporation of India Ltd also provided 300 bicycles for displaced students and 150 looms with accessories for such women weavers of the district.

Atishi becomes first woman to be LoP in Delhi assembly

PTI, NEW DELHI: Former Delhi chief minister and MLA from Kalkaji constituency Atishi was chosen as the Leader of Opposition in the Delhi Assembly at a meeting of AAP MLAs here on Sunday.

With this, Atishi becomes the first woman to hold the post. AAP supreme Arvind Kejriwal was also part of the meeting of the party's 22 MLAs where Atishi was picked.

In a press conference, AAP's Delhi unit convenor Gopal Rai said by consensus all AAP MLAs have chosen Atishi as the Leader of Opposition (LoP).

MLA from Burari, Sanjeev Jha, proposed Atishi's name as LoP and all MLAs supported the proposal, said Rai, who is also the MLA from Barbarpur.

Prolonged phone use on toilet causing haemorrhoids, say doctors

PTI, NEW DELHI: Prolonged mobile phone use while sitting on the toilet is contributing to a surge in haemorrhoids and anal fistulas, doctors have said.

The habit, coupled with a sedentary lifestyle and poor diet, is putting increased strain on the rectal area, leading to painful conditions that often require medical intervention, they added.

Dr Jignesh Gandhi - a senior robotic and laparoscopic surgeon at Gleneagles Hos-

pital in Mumbai - highlighted the concern, linking it to a sedentary lifestyle and excessive phone use in toilets.

He was speaking at the 74th foundation day of ESIC Hospital in Okhla on Saturday. Dr Ravi Ranjan, a surgery specialist at the hospital, said it recorded more than 500 cases of haemorrhoids and fistulas in a year.

He pointed to poor lifestyle habits such as low water intake, excessive consumption of junk food and

extended time on the toilet as key contributors.

Marengo Asia Hospital surgeon Dr Birbal said, "Chronic constipation from poor diet and prolonged time spent sitting on the toilet create a vicious cycle."

"This puts undue stress on the rectal area, leading to painful inflammation, which can result in haemorrhoids and, in severe cases, anal fistulas," he added.

The experts said the rising number of such cases was straining government hospitals.

They also highlighted the potential of minimally invasive procedures such as radiofrequency ablation of haemorrhoids under local anaesthesia (Rafaelo) to ease the burden.

"The Rafaelo procedure, approved by the US Food and Drug Administration, and widely used in the UK's National Health Service, offers quicker recovery, same-day discharge, and reduced waiting times compared to traditional surgical methods," said Ranjan.

Kremlin hails Putin-Trump dialogue as promising

MOSCOW: The Kremlin on Sunday hailed dialogue between Donald Trump and Vladimir Putin - two "extraordinary" presidents - as "promising", and vowed it would "never" give up territory seized in eastern Ukraine. Trump broke with Western policy earlier this month by phoning Putin to discuss how to end the Ukraine conflict - a call hailed by Moscow as ending three years of isolation for the Kremlin leader since he launched his full-scale offensive in February 2022. Top Russian and US officials then met in Saudi Arabia last week to discuss a "restoration" of ties and start a discussion on a possible Ukraine ceasefire -- all without the involvement of Kyiv or Europe. "This is a dialogue between two extraordinary presidents," Kremlin spokesman Dmitry Peskov told state TV on Sunday. "That's promising," he added. "It is important that nothing prevents us from realising the political will of the two heads of state." Trump's overtures to Moscow have triggered alarm in Kyiv and across Europe. But it is unclear whether his moves will be able to bring Moscow and Kyiv closer to a truce.

States threaten fines, jail time for local officials who resist Trump's immigration crackdown

PTI, ATLANTA: Republican state lawmakers seeking to aid President Donald Trump's crackdown on illegal immigration are threatening local officials who resist with lawsuits, fines and even potential jail time.

Lawmakers in more than 20 states this year have filed legislation targeting so-called sanctuary policies that limit cooperation with federal immigration authorities, according to an Associated Press analysis using the bill-tracking software Plural.

Some of those states already ban sanctuary policies but are now proposing to punish mayors, council members and other government officials who violate the pro-

hibition.

The goal is to provide teeth to those who are being aggrieved by local governments and local officials who are not abiding by Georgia immigration law, said Republican state Sen. Blake Tillery, whose legislation would allow lawsuits against anyone who implements sanctuary policies. His bill recently passed the Senate and is now in the House.

Opponents have raised concerns that the legislation could lead local police and sheriffs to detain immigrants for longer than they are supposed to under federal law out of fear of getting sued.

TRUMP DEFENDS MASS DEPORTATIONS, SAYS HE IS DRAINING SWAMP

PTI, WASHINGTON: US President Donald Trump has defended the mass deportation of undocumented foreign nationals, saying his administration draining the swamp by sending home fraudsters, cheaters, globalists and deep state bureaucrats. Trump has made the mass deportation of undocumented migrants a key policy. Addressing the Conservative Political Action Conference (CPAC) outside Washington on Saturday, he said, "The fraudsters, liars, cheaters, globalists, and deep state bureaucrats are being sent packing." "Illegal alien criminals are being sent home. We're draining the swamp and restoring government by the people," he said. As of 2022, unauthorised immigrants represented 3.3 per cent of the total US population and 23 per cent of the foreign-born population, according to Pew Research Centre.

they can to keep our communities safe, said Georgia state Sen Nikki Merri-
tt, a Democrat.

The state proposals come

as the Trump administration also has begun taking legal action against governments that have adopted policies inhibiting arrests

and deportations by U.S. Immigration and Customs Enforcement. The Department of Justice has sued Illinois, Chicago and Cook County, alleging they are violating federal law by not cooperating with immigration authorities.

Using lawsuits to enforce anti-sanctuary laws A Georgia law enacted last year already mandates that local law enforcement cooperate with federal authorities to identify and detain immigrants in the U.S. illegally, or else lose state funding and face misdemeanor charges. The legislation recently passed by the state Senate doubles down by letting people sue local governments, officials and employees for violating the ban.

Sri Lankan Navy arrests 32 Indian fishermen

PTI, COLOMBO: Sri Lankan authorities on Sunday arrested 32 Indian fishermen and seized 5 fishing boats for allegedly venturing into the territorial waters of the island nation, the Navy said.

The Sri Lankan Navy in a statement said the arrests occurred during a special operation in the sea area north of Mannar.

"Five Indian fishing boats were seized and 32 Indian fishermen apprehended while they were poaching in Sri Lankan waters," the statement said.

The Navy continues to conduct regular patrols and operations in Sri Lankan waters to curb illegal fishing practices of foreign fishing boats, taking into account the impact of those practices on the livelihood of local fishermen,

Officer killed after gunman took hostages at Pennsylvania hospital

PTI, YORK: A man armed with a pistol and carrying zip ties entered a Pennsylvania hospital's intensive care unit on Saturday and took staff members hostage before he was killed by police in a shootout that also left an officer dead, authorities said.

Three staffers at UPMC Memorial Hospital, including a doctor, a nurse and a custodian, and two other officers were shot and wounded in the attack, York County District Attorney Tim Barker said. A fourth

staff member was injured during a fall, Barker said. Gunfire erupted after officers from several different agencies went to engage the shooter, who Barker identified as Diogenes Archangel-Ortiz, 49. He said Archangel-Ortiz was holding at gunpoint a female staff member hostage who had her hands tied with zip ties when police opened fire.

"We all have broken hearts and are grieving at his loss," West York Borough Manager Shawn Mauck told The Associated Press.
