

Old Mandovi bridge reopens, new one to shut from Sunday

Team Herald

PANJIM: The Old Mandovi bridge which was closed for repairs was reopened for vehicular traffic on Friday while, the new bridge will

now be closed for all types of traffic from March 2 to 10.

Announcing the closure of the new Mandovi bridge, the PWD, works division-(NH) executive

engineer stated that the traffic having Gross Vehicle Weight (GVW) up to 12.00 tons will be diverted on the Old Mandovi bridge and vehicles having GVW more than 12.00 tons will have to

use the Atal Setu, so as to facilitate hindrance free and speedy completion of the said repair work.

The Old Mandovi bridge was closed for all types of vehicular traffic from Feb-

ruary 15 to facilitate repair work including resurfacing with asphalt. The ongoing project, part of the NH (O) Annual Plan 2023-24, includes overlaying a new surface, implementing safe-

ty measures, and painting both the old and new Mandovi bridges.

Taking a cue that since the closure of Old Mandovi bridge had caused traffic congestion, the police have

now advised parents of students answering the Goa Board class X exams to start early and, wherever possible, use the Atal Setu except for two-wheelers.

The traffic police have

also urged all motorists travelling from Porvorim towards Ponda, Bambolim and South Goa, and vice versa, to use the Atal Setu to reduce congestion on the Old Mandovi bridge.
