Punjab police stops farmers from going to Chandigarh

PTI, CHANDIGARH: Punjab Police thwarted farmers' attempt to go to Chandigarh on the Samyukta Kisan Morcha's call for a week-long dharna beginning Wednesday, as multiple checkpoints were set up across the state and security stepped up at all entry points of the Union Territory.

Security personnel keep vigil in view of farmers' protest, in Chandigarh, on Wednesday

to stop farmers from going to Chandigarh. In Moga, Krantikari Kisan Union district president Jatinder Singh said they were stopped at Ajitwal by police when they were going to Chandigarh. He claimed some of them were detained by police.

The protesters also raised slogans against the Bhagwant Mann government for not allowing them to go to Chandigarh.

SKM PROTEST

The SKM, a conglomerate of more than 30 farmer bodies, had given the call for the sit-in in Chandigarh in support of farmers' various demands including purchase of six crops at minimum support price by the state government.

Farmers, who left for Chandigarh in tractor-trolleys and other vehicles on Wednesday morning, were stopped by the Punjab Police at many places on the highways and other roads.

The SKM strongly condemned the AAP government for preventing farmers from going to the UT for raising their voice in support of their demands.

SKM leaders claimed many farmers were detained by police when they were on their way to Chandigarh while several others started holding protests where they were stopped.

Dy Inspector General of Police (Ropar Range) Harcharan Singh Bhullar said the protesting farmers would not be allowed to reach Chandigarh at any cost.

"Wherever any farmer came out (on roads), police of that area stopped them there itself. They were sitting there peacefully," Bhullar said.

He said the situation in Punjab is totally peaceful. The DIG said some farmers have been rounded up, adding that there was good coordination between Punjab Police and Chandigarh Police.

According to farmers, SKM leader Joginder Singh Ugrahan was detained in Sangrur.

In Sangrur's Gharachon area, heavy police personnel were deployed to prevent farmers from heading to Chandigarh. Barricades were put up and sand laden trucks were also parked

Tunnel collapse: Authorities exploring deployment of robots

PTI, NAGARKURNOOL (TELANGANA): A team from a robotics company went inside the partially collapsed SLBC tunnel, where eight people have been trapped for the last 12 days, as the state government is exploring the possibility of using robots in the rescue operation, officials said on Wednesday.

Chief Minister A Revanth Reddy, who visited the tunnel on March 2, suggested to the officials leading the rescue operation to use robots inside the tunnel if necessary, to avoid any danger to the rescue personnel.

The scientists of the National Centre of Seismology, Delhi, have also gone inside the tunnel, along with rescue teams, to carry out seismic related studies, they said.

The rescue operation continued at a brisk pace on Wednesday, with excavation being carried out at locations suggested by scientists to look for human presence.

The team from the Hyderabad-based robotics company examined whether a robo can go deep inside the tunnel and whether it can work there as humidity is high, a senior official told PTI.

The drilling is being carried out at other locations based on inputs from scientists at the National Geophysical Research Institute (NGRI) in Hyderabad, who used Ground Penetrating Radar to detect human presence, officials said.

"On Tuesday (March 4), the team explored the area. They will get back to us," he said.

Earlier inspections at other locations identified by the scientists did not reveal any signs of human presence.

The team would inform whether robots can work or not, he added.

The services of a sniffer dog of NDRF have also been used for selecting the area to be taken up for digging.

PM inaugurates animal rescue facility Vantara in Gujarat
