**Over 33 dead as tornadoes ravage central US**  
 AFP, HOUSTON: At least 33 people have been killed and dozens more injured when tornadoes and violent storms raked across the central United States, as forecasters warned more severe weather was expected Sunday.  
 Local news showed roofs torn off homes and large trucks overturned. Eight people died in Kansas in a crash involving more than 50 vehicles, caused by low visibility during a "severe dust storm," local police said.  
 Missouri State Highway Patrol confirmed 12 storm-related fatalities and shared images of boats piled on top of one another at a marina destroyed by the weather.  
 The state police reported downed trees and power lines, as well as damage to buildings, with some areas severely impacted by "tornadoes, thunderstorms and large hail."
