We took calculated risks and that helped us: Harmanpreet
Says our bowlers made target of 150 look like 180

PTI, MUMBAI: An ecstatic Mumbai Indians skipper Harmanpreet Kaur credited her bowlers for robustly defending a modest target of 150 in the Women's Premier League (WPL) final against Delhi Capitals, saying they made it look like 180 with their superb efforts.

Harmanpreet scored a fine 66 off 44 balls in MI's total of 149 for 7 and then made some fine bowling changes in pressure situations to restrict DC to 141 for 9 with three wickets from Nat Sciver-Brunt, and breakthroughs from Amelia Kerr and Shabnim Ismail.

"We took calculated risks and that helped us. 150 (149) was not a decent total, but in matches like that, pressure games, it always looks like 180 and credit goes to our bowlers," Harmanpreet said at the post-tournament presentation ceremony.

"They (bowlers) had that belief they could give us breakthroughs in the powerplay. They (Ismail and Sciver-Brunt) created that opportunity for us and got us the game. Really happy the way everyone bowled in the team today. We made things very clear for everyone, had one-to-one meetings to clear their roles."

"It is all about being there and doing the right things again and again. We wanted to keep things simple and as a team, we did that."

On her batting, she said: "It was not easy when I went in. But I had that belief that if I stayed there and kept rotating strike, and with Nat (Sciver-Brunt) there, I did not need to take risks. Just wanted to support her."
