Southern California jolted by strong earthquake near San Diego

AP, SAN DIEGO: Southern California was jolted Monday morning by a strong earthquake near San Diego. The earthquake had a preliminary magnitude of 5.2 and was near the mountain town of Julian, east of San Diego, according to the US Geological Survey.

The San Diego County Sheriff's Department said it received no immediate reports of damage or injuries.

The quake swung light fixtures and rattled shelves in San Diego and was felt as far north as Los Angeles. The quake was centred about 4 kilometers south of Julian, a picturesque town best known for its apple pies and bakeries.

Riley Ozuna, owner of the Julian Cafe & Bakery, said some cups fell onto the ground at her business. "But everything is OK," she said.

One Year Remembrance

Mrs. Vidhya Guru Shirodkar (Tai)
Donapaula - Aivao

A tribute to our mother:
A pillar of strength, she stood so tall, A business lady, with a heart that gave all. Treasurer of the temple, where faith was her guide, Restaurateur, with flavours that brought people inside. Her hands, so gentle, yet fierce and bold, Uplifting women, her community to mold. With kindness and compassion, she paved the way for those who needed a voice, a brighter day. Her humility, a virtue she wore with pride, A humble woman, with a heart full of love inside. Though she's gone, her legacy remains, A testament to her strength, her love, her pains. In memories, we hold her close and tight, Grateful for the lessons, the love, the light. Her spirit lives on, a guiding star, Shining bright, near and far. Rest in peace, dear mother, your journey's done, But in our hearts, your love will forever be won.
