LIMA (Peru): It was double delight for Suruchi Inder Singh as the teenage Indian shooter combined with Saurabh Chaudhary to win the 10m air pistol mixed team gold medal in the ISSF World Cup, here, on Wednesday, adding to her triumph in the individual competition. The duo of Suruchi and Saurabh shot 17 to finish ahead of China's Qianxun Yao and Kai Hu, who managed 9, in the gold medal match. In the bronze medal contest, India's Manu Bhakar and Ravinder Singh (6) missed out on a podium finish after losing to Chinese pair of Qianke Ma and Yifan Zhang (16). The duo of Suruchi and Saurabh made the gold medal match at the Las Palmas range with a combined 580 in qualification, with the former outscoring her more experienced partner by a couple of points. The Chinese pair of Yao Qianxun and Hu Ka topped the qualification with 585. Suruchi and Manu's podium finish meant that India collected one medal of each colour on the day, with men's 10m air pistol marksman Saurabh Chaudhary earlier winning a bronze. India's exploits in the women's 10m air pistol competition in the Peruvian capital has taken the country to the top of the standings with three medals, followed by China, which has won the men's air pistol gold.

CWS said that it had received 'Expression of Interests' (EOIs) from Canada and Nigeria, besides two more unnamed countries, to host the 2030 edition of the Games. Defending champions Odisha FC relegated from IWL 2024-25

BHUBANESWAR: Sreebhumi FC put paid to defending champions Odisha FC's sojourn in the Indian Women's League with a 3-0 victory at the Kalinga Stadium, here, on Wednesday. Odisha needed to eke out a result to even stand a chance at staying up, and within the first half an hour their fate was sealed, courtesy of a Nongmeikapam Shibani Devi (10', 18', 32') hat trick. This was the first time in Indian women's football history that the defending champions of a league have been relegated. Despite the one-sided scoreline, it was Odisha who actually looked in the ascendancy in the first 10 minutes of the game, marshalling the ball neatly in midfield. In the 10th minute though, Sreebhumi's scoring spree kicked off, when Shibani picked up Anita Kumari's cross outside the box and unleashed a right footer towards the goal. The shot took a deflection before nestling in the back of the net. A double hammer blow in the 18th and 32nd minute effectively finished off the game and Odisha's chances of survival. For her second, Shibani displayed an unteachable poacher's instinct, to sneak in at the back post and volley in Anita's cross from inside the six yard box. The third goal came off a massive error at the back for Odisha FC. The combination of first defender and goalkeeper failed to deal with a routine cross from the right, the latter spilling it loose inside the six yard box. Shibani duly tapped it in.

Being a finisher is a tough job, as I count 30s and 40s as 50: RCB's Jitesh Sharma

NEW DELHI: Royal Challengers Bengaluru's designated finisher Jitesh Sharma said batting down the order has redesigned the value of his knocks, and he is now treating scores of 30s or 40s as equivalent to a 50. Jitesh has often strode out to bat at No 6 in IPL 2025 and his most significant contribution thus far has been a 40 off 19 balls in RCB's 12-run win over Mumbai Indians a few days back. "Now everyone seems to be a finisher. But it's a difficult job to bat at No 6, No 7 because ever since I started finishing, I haven't scored a fifty. I was an opener. Earlier I used to score fifties and centuries," Jitesh said in the latest episode of RCB Bold Diaries. However, the 31-year-old said he relishes a victory for the team more than a personal landmark. "I used to enjoy raising my bat when I reached a milestone. But ever since I became a finisher, I never got a chance to make a fifty. (It has mostly been) 10 balls, 30 runs, 20 balls, 40 runs. "These scores have become 50 for us. If you do 60-70 in 30 balls, it's like a 100. And I am happy, very happy doing, if the team wins," he added. But Jitesh said being a wicketkeeper offers him certain advantages during a match such as an opportunity to study the pitch and opposition batters.
