PM gives armed forces 'full operational freedom'

Military to decide mode, targets and timing of India's response

PTI, NEW DELHI: Prime Minister Narendra Modi on Tuesday told the top defence brass that the armed forces have "complete operational freedom" to decide on the mode, targets and timing of India's response to the Pahalgam terror attack, government sources said.

During a high-level meeting, which was attended by Defence Minister Rajnath Singh, National Security Advisor Ajit Doval and the chiefs of three services, Modi affirmed that it is the national resolve to deal a crushing blow to terrorism, they said. Modi expressed complete faith and confidence in the professional abilities of the armed forces. "They have complete operational freedom to decide on the mode, targets and timing of our response," a source

Chief of Defence Staff General Anil Chauhan was also part of the meeting, which was held amid India weighing its options for countermeasures following the Pahalgam terror attack which left at least 26 civilians, mostly tourists, dead

quoted Modi as saying.

Chief of Defence Staff General Anil Chauhan was also part of the meeting, which was held amid India weighing its options for countermeasures following the Pahalgam terror attack which left at least 26 civilians, mostly tourists, dead.

Modi has vowed to pursue the terrorists behind the attack and their patrons, a clear reference to Pakistan which has a history of sponsoring terror strikes in India, to the "ends of earth" and inflict the harshest punishment on them "beyond their imagination".

Terrorists had gunned down tourists, who were from different parts of the country, in the popular destination of Pahalgam in Kashmir exactly a week ago on April 22.

This most brutal attack on civilians in a long spell of time in the region has sparked a wave of outrage across the country and a demand for retaliatory action against the perpetrators and their handlers.

The prime minister's tough assertions coupled with his government's avowed muscular stand on the issues of national security

have heightened expectations of a stringent counteraction from India.

In the past, the Modi government carried out surgical strikes inside Pakistan after the terror attack on army soldiers in Uri in 2016 and the Balakot air strike after the killings of CRPF personnel in Pulwama.

Following the terror strike in Pahalgam, India has taken a series of measures targeting Pakistan, including putting in abeyance the Indus Waters Treaty with the neighbouring country.

Earlier in the day, Union Home Secretary Govind Mohan had chaired a high-level meeting which was attended by chiefs of three paramilitary forces and senior officers of two other security organisations, sources said. There was no official word on its agenda.

Duplicate entries in voters' list: Aadhar sharing to remain voluntary

PTI, NEW DELHI: As the Election Commission works to purify electoral rolls of duplicate entries, sources in the government asserted on Tuesday that Aadhaar sharing by voters on a voluntary basis as prescribed in the law will remain unaltered.

They underlined that sharing Aadhaar details with poll authorities is voluntary under the Election Laws (Amendment) Act, 2021 and it will continue to remain so.

The sources also not-

ed that there is no plan to tweak the law or related rules in this regard.

They were responding to questions on whether there was a proposal to make Aadhaar sharing compulsory as also whether voters who don't share details will have to explain before poll authorities the reasons for not giving out details.

They said the ground rules will remain unaltered and no provision is proposed to be added as of now.

Amid a debate on the purity of electoral rolls,

the Election Commission had said last month that the regular updating process of the voter list will be strengthened in close coordination with the birth and death registration authorities.

Technical consultations between the Unique Identification Authority of India (UIDAI) and experts of the EC will begin soon on voter list-Aadhaar linkage, it had said, adding though an elector can only vote in the assigned polling booth and nowhere else, the poll body

has resolved to remove duplicates countrywide and end a decades-long issue within three months.

"Regular updation of the voter list shall be strengthened in close coordination with the birth and death registration authorities," the EC had said.

According to the prevailing law, no entries in the electoral roll shall be deleted for inability of an individual to furnish or intimate Aadhaar number due to such sufficient cause as may be prescribed.
