India bans Pakistani airlines from airspace amid escalating tensions

PTI, NEW DELHI: India on Wednesday closed its airspace for flights operated by Pakistan airlines in a fresh retaliatory move amid escalating tensions with the neighbouring country following the Pahalgam terror attack.

The Indian airspace will not be available for the aircraft registered in Pakistan as well as for planes operated, owned or leased by Pakistan airlines and operators. Also, the ban will be applicable for the military aircraft of Pakistan, a senior government official said.

A Notice To Airmen (NOTAM) was issued by the Airports Authority of India (AAI) on Wednesday evening in this regard and it will be applicable till May 23.

According to the official, the ban will come into force from 12 am on Thursday. Generally, NOTAM is a notice having essential information for people involved in flight operations.

The latest move, part of various measures taken by the government against Pakistan in the wake of the Pahalgam terror attack that killed 26 people, comes a

week after Pakistan closed its airspace for Indian carriers.

There are no direct flights between India and Pakistan.

Pakistan airlines use the Indian airspace for their flights to Singapore, Malaysia and other East Asian countries.

A senior air traffic controller (ATC) said there are not many Pakistan airline flights that use the Indian airspace.

On April 23, a day after the Pahalgam attack, India announced a raft of punitive measures against Pa-

South Korea reports 4,700 North Korean troop casualties in Ukraine

AP, SEOUL: An estimated 4,700 North Korean soldiers have been killed or wounded while fighting alongside Russia against Ukrainian forces, South Korea's spy agency told lawmakers Wednesday.

The assessment came two days after North Korea confirmed for the first time that it had sent combat troops to help Russia recapture parts of the Kursk region, which it lost control of to a surprise Ukrainian incursion last year.

In a closed-door parliamentary committee briefing, South Korea's National Intelligence Service said North Korea had suffered 4,700 casualties, including 600 deaths, on the Russia-Ukraine battlefronts, according to Lee Seong Kweun, one of the lawmakers who attended the meeting.

Lee told reporters the NIS said that 2,000 injured North Korean soldiers were repatriated to North Korea by air or train between January and March. He cited the NIS as saying the dead North Korean soldiers were cremated in Russia before their remains were sent back home.

In January, the NIS said about 300 North Korean soldiers had died and another 2,700 had been injured, and the South Korean military increased the estimated casualties to 4,000 last month.

On Monday, North Korea announced that leader Kim

their partners say North Korea has been supplying vast amounts of conventional weapons to replenish Russia's depleted stocks as well. They suspect Russia is providing North Korea with military and economic assistance in return.

US, South Korean and Ukraine officials have said North Korea dispatched 10,000-12,000 troops to Russia last fall. South Korea's military said in March that North Korea sent about 3,000 additional troops to Russia earlier this year.

During its Wednesday briefing, the NIS said it assessed that Russia has given North Korea air defence missiles, electronic warfare equipment, drones and technology for spy satellite launches, according to Kim Byung-kee, another lawmaker who attended the NIS briefing.

The US, South Korea and

Kamala Harris plans speech sharply criticising Donald Trump's policies

AP, LOS ANGELES: Former Vice President Kamala Harris plans to use a high-profile speech Wednesday to sharply criticise President Donald Trump amid speculation about whether she will mount another presidential campaign or opt to run for California governor.

Harris will address the 20th anniversary gala for Emerge America, an organisation that recruits and trains Democratic women to run for office that grew in part from Harris' run for San Francisco district attorney in the early 2000s.

Her speech comes the day after Trump reached 100 days in office. It is expected to be her most extensive public remarks since leaving office in January following her defeat to Trump, with planned critiques of the Republican president's handling of the economy, US institutions and foreign policy.

Harris is ramping up her public presence as Democrats nationally search for a path forward after November's election, in which Republicans also won control of Congress. While a slate of high-profile Democrats - from governors to businessmen - seek leadership roles within the party, the former vice president retains unique influence and

UK,US conduct joint airstrikes on Houthi military target in Yemen

PTI, LONDON: The UK's Royal Air Force (RAF) participated in a joint operation with US forces against a Houthi military target in Yemen, Britain's Ministry of Defence (MoD) said in a statement on Wednesday.

The MoD said the strikes on Tuesday were in line with the UK's long-standing policy since the Houthi rebels initiated attacks in the Red Sea in November 2023, killing innocent sailors.
