US hopes Pak cooperates with India to find terrorists: VP Vance

PTI, NEW YORK: Vice President JD Vance has said that US hopes that India will respond to the Pahal-gam terrorist attack in a way that does not lead to a "broader regional conflict" and expects Pakistan to "cooperate" with New Delhi to "hunt down" militants sometimes operating from their soil.

Vance made these remarks on Thursday in an interview with Fox News. Vance and his family were in India on a four-day visit when the attack - the worst since the Pulwama strike in 2019 - took place.

"Our hope here is that India responds to this terrorist attack in a way that doesn't lead to a broader regional conflict," Vance

"And we hope, frankly, that Pakistan, to the extent that they're responsible, cooperates with India to make sure that the terrorists sometimes operating in their territory are hunted down and dealt with. That's how we hope this unfolds, we're obviously in close contact. We'll see what happens"

— JD Vance, US Vice president

said on Fox News's 'Special Report'.

After being asked, "You worried about India and Pakistan?"

"Well, sure, I'm worried about any time you see a hot spot breaking out, especially between two nuclear powers," Vance said.

"We've obviously been in close contact with our friends in India and Pakistan. Our hope here is that India responds to this terrorist attack in a way that does not lead to a broader regional conflict," the Vice-President said.

"And we hope, frankly,

that Pakistan, to the extent that they're responsible, cooperates with India to make sure that the terrorists sometimes operating in their territory are hunted down and dealt with. That's how we hope this unfolds, we're obviously in close contact. We'll see what happens," Vance said.

Remarks by Vance assume significance amid rising tensions between India and Pakistan in the aftermath of the Pahalgam attack, in which 26 people were killed.

Vance, who was in India last month, had then condemned the attack and expressed solidarity with the victims and their families in a post on X.

Fiery collision near Yellowstone leaves 7 dead

AP, ISLAND PARK (US): A pickup truck and tour van collision near Yellowstone National Park has killed seven people, Idaho State Police say.

The crash happened just before 7:15 pm Thursday on a highway near Henry's Lake State Park in eastern Idaho. The state park is roughly 26 kilometres west of Yellowstone National Park.

Both vehicles caught fire after the crash, the Idaho State Police said in a news release. The driver of the Dodge Ram pickup and six people inside the Mercedes passenger van died. The van was carrying a tour group of 14 people.

Authorities have not said what led up to the crash, which remains under investigation.

The Fremont County coroner's office had not yet released the names of those killed as of Friday morning. The Idaho State Police did not say how many other people were injured.

Police say air ambulances along with emergency paramedics responded to the collision.

'Right to be heard': Delhi court issues notice to Sonia, Rahul

PTI, NEW DELHI: A Delhi court on Friday issued notices to former Congress president Sonia Gandhi and leader of opposition in Lok Sabha Rahul Gandhi in the National Herald money laundering case.

Special judge Vishal Gagne said their "right to be heard" was available at the time of cognisance of the chargesheet.

NATIONAL HERALD CASE

"Right to be heard at any stage breathes life into fair trial," the judge said, posting the matter on May 8.

The judge also issued notice to Congress leader Sam Pitroda and Suman Dubey, and "Young Indian", Dotex Merchandise Pvt Ltd and Sunil Bhandari. The chargesheet was filed under Sections 3 (money laundering) and 4 (punishment for money laundering) of Prevention of Money Laundering Act (PMLA).

In a 14-page order, the judge observed the "prosecuting agency ED does not come to any detriment if the accused is permitted to make submissions on the question of cognisance."

"In this adherence to the principles of fair hearing, the right to be heard is not inconsistent with any of the powers vested in the ED for investigation or the pre-

sumptions as well as burden of proof stipulated under the PMLA," the order said.

During a brief hearing, additional solicitor general S V Raju, representing the ED, said the probe agency was "not opposing such a notice precisely because it is votary of fair trial".

The court further said, "Besides, the proviso to Section 223 of BNSS (Bharatiya Nagarik Suraksha Sanhita) is a salutary provision in furtherance of the right to be heard, as a part of fair trial. It is designed to protect accused persons against improper implication by permitting them to make submissions prior to the court taking cognisance of the offences in question." The BNSS, the court noted, was therefore a progressive legislation and recorded among its objectives and reasons a "citizens centric

criminal procedure" being the "need of the hour".

Section 223 of BNSS grants an accused the right to be heard on the aspect of cognisance.

This "benevolent intent" of the BNSS should be read in favour of accused persons rather than the investigation agencies when a right to be heard is to be accorded at any stage of the proceedings, the court added.

"To summarise, the court finds that notice is required to be issued to the proposed accused persons for hearing on the question of cognisance upon the present complaint in terms of the proviso to section 223 BNSS. It is thus directed that notice be issued to the proposed accused persons in order that they may be heard on the question of cognisance upon the present complaint," the judge said.

Delhi HC orders CBI probe into Tihar jail extortion racket

PTI, NEW DELHI: The Delhi High Court on Friday ordered the CBI to conduct a preliminary inquiry over allegations of an extortion racket being run inside Tihar Jail involving its officials.

A bench of Chief Justice D K Upadhyaya and Justice Tushar Rao Gedela directed the principal secretary, Home Department, Delhi government to hold a fact-finding inquiry and

find out the officials responsible for the administrative and supervisory lapses in Tihar.

"The petition highlights certain irregularities, illegalities, malpractices and misconduct not only on part of the jail authorities but also inmates. The allegations are as serious as that in connivance with jail authorities extortion racket was going on in jail premises for procuring certain facilities," the court observed.

The bench said a report of the inspecting judge, Central Jail 8 and Semi Open Prison, tendered to it in a sealed cover after a "thorough" inquiry, revealed "very disturbing facts" indicating criminal activities and irregularities in functioning of Tihar Jail.

"For thoroughly conducting an inquiry into the matter, since the report (of inspecting judge) contained allegations of criminal activities, we deem it appropriate to require the CBI to conduct a preliminary enquiry into the matter," the court ordered.

The bench went on, "We also deem it appropriate to direct principal secretary, Home, GNCTD to conduct an administrative inquiry to find out the officials/officers/authorities responsible for such administrative lapses and mis-happenings in jail." The director general (DG) Delhi prisons should extend all cooperation to the principal secretary, it added.

The court asked the CBI and the principal secretary to submit their reports before the next hearing on August 11.

The court was hearing a petition filed by a former inmate alleging extortion and pointing out safety and security of prisoners inside Tihar.
