# Pakistan troops open unprovoked fire in 8 sectors along LoC in J&K

PTI, JAMMU: Pakistani troops resorted to unprovoked firing in eight forward sectors along the Line of Control in Jammu and Kashmir, violating ceasefire agreements and prompting retaliation from Indian troops, officials said on Monday.

This marks the 11th consecutive night of Pakistan's unprovoked firing along the LoC, amidst heightened tensions between New Delhi and Islamabad following the killing of 26 people in the April 22 terror attack in Pahalgam.

"During the night of May 4 and 5, Pakistan Army posts resorted to unprovoked small arms fire across the LoC in areas opposite Kupwara, Baramulla, Poonch, Rajouri, Mendar, Naushera, Sunderbani, and Akhnoor in J-K," a defence spokesperson in Jammu said.

"The Indian Army responded promptly and proportionately," he said.

The firing was initiated by Pakistani troops across five border districts - Jammu, Rajouri, and Poonch in the south of the Pir Panjal ranges in the Jammu region, and Baramulla and Kupwara districts in the Kashmir valley - overnight.

Initially beginning with unprovoked small arms

## MOCK DRILLS ORDERED IN STATES ON MAY 7 AMID INDO-PAK TENSIONS: 'AIR RAID SIRENS, CIVILIAN TRAINING'

**AGENCIES:** The ministry has directed states to operationalise air raid warning sirens and train civilians to protect themselves in the event of a hostile attack. The ministry of home affairs (MHA) on Monday directed several states to conduct mock drills on May 7 to enhance civil defence preparedness, ANI reported. The

ministry directed states to operationalise air raid warning sirens and train civilians to protect themselves in the event of a hostile attack, according to PTI. The states have also been directed to update and rehearse evacuation plans, crash blackout measures, and early camouflaging of vital plants and installations.

firing at several posts along the LoC in Kupwara and Baramulla districts of north Kashmir, Pakistan swiftly expanded its ceasefire violations to the Poonch sector and subsequently to the Akhnoor sector of the Jammu region.

This was followed by small arms firing at several posts along the LoC in the

Sunderbani and Naushera sectors of Rajouri district. Subsequently, the firing expanded to the Pargwal sector along the International Border in Jammu district.

The ceasefire violation by Pakistan occurred despite the fact that the Directors General of Military Operations (DGMOs) of India and Pakistan spoke over the hotline amidst Pa-

kistan's unprovoked firing along the Line of Control (LoC) in Jammu and Kashmir on April 29.

It is understood that the Indian side cautioned the Pakistani side about the unprovoked firings during the exchanges.

Since the night of April 24, just hours after India suspended the Indus Waters Treaty following the Pahalgam terror attack, Pakistani troops have been resorting to unprovoked firing at various places along the LoC in J-K, starting from the Kashmir val-

ley. have made the February 2021 ceasefire agreement redundant, with widespread violations by Pakistan in scores of sectors along the 740-kilometer-long LoC.

India and Pakistan had agreed to a renewed ceasefire along the borders in Jammu and Kashmir in February 2021.

The situation has significantly changed since February 2021, when the DGMOs of India and Pakistan reiterated their commitment to the 2003 ceasefire agreement to ensure peace along the de facto border.

# India carries out test of advanced underwater naval mine

PTI, NEW DELHI: India has successfully test-fired an advanced underwater naval mine designed to enhance the Navy's capabilities against modern stealth ships and submarines.

The development came amid increasing tensions between India and Pakistan over the Pahalgam terror attack.

"The Defence Research and Development Organisation (DRDO) and Indian Navy have successfully undertaken combat firing (with reduced explosive) of the indigenously designed and developed Multi-Influence Ground Mine (MIGM)," the defence ministry said on Monday.

It said the the system is an advanced underwater naval mine developed by the Naval Science and Technological Laboratory, Visakhapatnam in collaboration with other DRDO laboratories.

The MIGM is designed to enhance the Indian Navy's capabilities against modern stealth ships and submarines. Bharat Dynamics Limited, Visakhapatnam and Apollo Microsystems Limited, Hyderabad are the production partners for the system.

Complimenting DRDO, Indian Navy and the Industry, Defence Minister Rajnath Singh said the system will further enhance undersea warfare capabilities of the Indian Navy.

Govindraj Narasinha Prabhu) The Special Notary Civil Registrar cum Sub - Registrar Bicholim

# Army boosts cybersecurity after website intrusions: Sources

PTI, NEW DELHI: Amid attempts to hack and compromise multiple websites, including of Army Welfare Education Society-linked institutions, in the past few days, the army is taking "appropriate and necessary" measures to bolster cybersecurity infrastructure and strengthen digital defence mechanisms, sources said on Monday.

At least two members of the senior management categorically dismissed social media claims that the website of Delhi-based think-tank Manohar Parrikar Institute for Defence Studies and Analyses had been "hacked". Cyberattacks targeting several Indian websites, especially of academic institutions, have been reported in recent days, particularly after the April 22 Pahalgam attack.

At least four Army Public Schools (APS), including APS Nagrota and APS Sunjuwan, were targeted by hackers, a source said.

The websites of APS Nagrota and APS Sunjuwan, located in Jammu and Kashmir, were down on Monday evening.

The website of a PSU under the defence ministry

was also down. However, there is no official word on the reason for it being down.

Tension between India and Pakistan are on the rise following the Pahalgam attack.

On April 25, the Army College of Nursing website was hacked and defaced with graphic visuals.

The website was still down on Monday evening.

The landing page had carried a banner with a line on top - "YOU ARE HACKED !!! TEAM INSANE PK" - on the day of the hacking. Below it was a disturbing image associated with the April 22 attack.

Army Public Schools

and the Army College of Nursing are autonomous institutions administered by the Army Welfare Education Society.

The Army College of Nursing is located in Jalandhar Cantonment.

The hackers had also posted objectionable content on the Pahalgam attack.
