All our military bases, systems remain fully operational: IAF

PTI, NEW DELHI: The Indian Air Force on Monday said all its military bases and systems continue to remain fully operational, and ready to undertake any further missions if the need arises.

Director General of Air Operations Air Marshal AK Bharti said the Indian military's fight was with terrorists and their support infrastructure, but it was a "pity" that the Pakistani military chose to bat for the terrorists.

"We have also iterated that our fight was with terrorists and their support infrastructure," he said.

"However, it is a pity that the Indian military chose to intervene and bat for the terrorists, which compelled us to respond in kind."

Air Marshal Bharti, Director General of Military Operations Lt Gen Rajiv Ghai and Director General of Naval Operations Vice Admiral A N Pramod were addressing a media briefing on 'Operation Sindoor'.

Security personnel keep vigil, in Srinagar

He said India's robust air defence system effectively foiled Pakistan's attempts to attack Indian military installations.

On Pakistan military's claim of success in hitting Indian installations, Air Marshal Bharti said, "I would like to emphatically state that, in spite of some minor damage incurred, all our military bases and systems continue to remain fully operational, and ready to undertake any further

missions, should the need so arise."

India launched 'Operation Sindoor' early May 7 to destroy seven terror infrastructures in Pakistan and Pakistan-Occupied-Kashmir (PoK) in a strong retaliation to the April 22 Pahalgam terror attack in which 26 people, mostly tourists, were killed.

All subsequent retaliations to Pakistani offensives were carried out under 'Operation Sindoor'.

AAI SAYS 32 AIRPORTS TO RESUME OPERATIONS WITH IMMEDIATE EFFECT

PTI, MUMBAI: Airports Authority of India (AAI) on Monday announced that civilian flight operations will resume at 32 airports that were temporarily shut last week in view of the military standoff between India and Pakistan. Security measures were enhanced, and at least 32 airports in northern and western parts of the country were temporarily shut in view of the conflict. On Saturday, India and Pakistan reached an understanding to stop all firings and military actions on land, air and sea with immediate effect. In a statement on Monday, state-owned AAI said the 32 airports that were closed for civilian aircraft operations till 0529 hours of May 15 are now available for operations with immediate effect. Civilian flight operations from the 32 airports across northern and western India, including Srinagar and Amritsar, were suspended from May 9 to May 15.

India and Pakistan on Saturday announced reaching an understanding to stop all firings and military actions on land, air and sea, with effect from 5 pm that day.

The Director General of Air Operations said India's robust air defence (AD) system comprises a large variety of AD sensors, and

weapon systems' from point defence weapons like the LLAD guns, shoulder-fired MANPADS and short-range SAMS (Surface-to-Air Missile Systems) and longer range SAMs held in our inventory.

"Additionally, the numerous waves of drones and UCAVs (Unmanned Combat Aerial Vehicles) employed

Congress demands answers from govt on Pahalgam terror attack

PTI, NEW DELHI: The Congress on Monday demanded answers from the government on whether the perpetrators of the Pahalgam terror attack have been arrested or killed and who was responsible for the security lapses that led to the incident, in which 26 people lost their lives.

Addressing a press conference at the AICC headquarters here, Congress general secretary Bhupesh Baghel asked whether there has been a change in the country's foreign policy to allow third-party intervention in matters between India and Pakistan.

He accused the ruling Bharatiya Janata Party (BJP) of politicising the April 22 Pahalgam attack on social media and asked if US President Donald Trump announcing cessation of firing between India and Pakistan was a diplomatic failure.

The Congress leader also raised questions on the government's leadership and accused it of playing with the emotions of people.

Baghel asked why a special session of Parliament or an all-party meeting chaired by the prime minister is not being convened.

He said Congress president Mallikarjun Kharge would not attend all-party meetings anymore if Prime Minister Narendra Modi did not attend those.

Baghel said in 1971, then prime minister Indira Gandhi showed the world that India will not bow down before anyone.

He said the armed forces

SCHOOLS, COLLEGE TO REOPEN IN J&K

PTI, SRINAGAR: All schools and colleges in the non-border districts of Jammu and Kashmir will reopen on Tuesday after remaining closed for nearly a week. "All schools and colleges to reopen from tomorrow in non-border districts of Jammu as well as Kashmir," Education Minister Sakina Ittoo said in a post on X. The schools, colleges and universities in the Union Territory were temporarily shut last week in view of the military standoff between India and Pakistan. The University of Kashmir has postponed all examinations till May 14.

are deployed on the border with the same spirit today.

The former Chhattisgarh chief minister said whenever there was any crisis, the Congress stood with the country, keeping politics aside and putting national interest above everything else.

"In 1971, Indiraji reject-

ed pressure from America and defeated Pakistan.

Even today, we have the same pledge, as one needs nationalism and not politics in the fight against terrorism. I want to ask the government if we have changed our policy under pressure from America," he said.

PUBLIC NOTICE

Notice is hereby given to the general public that my client is desirous of purchasing the property mentioned herein below from 1) Mr. Francis Xavier Furtado son of late Diogo Furtado, 71 years of age, retired and his wife Mrs. Nora Furtado both are residents of Peacy Villa, Koregaon park Pune-Maharashtra, their immovable property is more particularly described in the SCHEDULE hereunder.

SCHEDULE

(Description of the immovable property)

ALL THAT immovable property known as "BATTI" alias "SHETMALEM" admeasuring an area of 1425.00 sq. mts. Situated at Carmona Village, within the limits of Village Panchayat of Carmona, Taluka, and sub-District of south Goa, State of Goa, officially registered in the Land Registration office of Salcete under Description No. 33456, Book No. 86 (New Series) page no. 68v and inscribed under No. 25644, enrolled in the Taluka Revenue Office under Matriz under No.1333, presently surveyed under Survey No-37 Sub Division 7 of Carmona Village and its bounds as under:

On the East: By Survey No. 37/8,10 and 37/13 of village Carmona. On the West: By Survey No. 37/6 and 37/12 of village Carmona. On the North: By existing road and Survey No. 38/1, 37/8 of village Carmona. On the South: By Survey No. 37/15 and 37/12 of village Carmona.

That any person's, party, banks, financial institutions, companies, entity (legal corporate or otherwise) or anybody having any rights, claims, titles, share, any acquisition or interest in or over the said admeasuring 1425.00 sq. mts. immovable property described in the Schedule herein above or any part thereof by way of purchase, sale, exchange, transfer, tenancy, license, assignment, gift, succession, will, inheritance, claim, mortgage, encumbrance, lease or any other legally enforceable right of whatsoever nature should file their claims or objections at my office with the documentary evidence in support thereof within a period of 15 days from the date of publication of this notice, failing which my client shall be entitled to presume that no such objections, claims exist or that any such claims or objections shall stand waived and/or relinquished and my clients shall be entitled to proceed with the execution and registration of the proposed deed sale in respect of the above mentioned property.

Border regions come back to life as fog of war lifts

PTI, NEW DELHI: After teetering on the edge for nearly a week, border regions in the north experienced a less fraught day, with no shelling, no sightings of drones, and a comparatively lighter yoke of emergency measures.

New Delhi and Islamabad reached an understanding Saturday to halt military actions with immediate effect after four days of intense cross-border drone and missile strikes.

Villagers living close to the Line of Control who were forced to flee due to heavy shelling by the Pakistani military started returning home on Monday.

They started their journey back to their villages after bomb disposal squads cleared the residential areas of any leftover or unexploded shells, officials said.

"We are happy that a ceasefire has been reached between the two countries. We are also hopeful that Pakistan will not resort to such activities again," said Arshad Ahmad, a resident of the Kamalkote area in Uri.

Uri MLA Sajjad Shafi has asked the residents of villages along the frontline to remain vigilant and not touch anything suspicious.

Punjab police warns of malware attack by Pakistan based hackers

PTI, CHANDIGARH: Amid tensions between India and Pakistan, the Punjab Police on Monday advised people to remain alert of a malware allegedly being spread by Pakistan-based hackers, saying it could be used to steal personal and banking information.

The police advised people against clicking on unknown links or messages.

"A dangerous malware named 'Dance of the Hillary' is being spread by Pakistan-based hackers, targeting Indian users via WhatsApp, Facebook and email," the Punjab Police said in a post on X.

A malware is a malicious

software specifically designed to disrupt, damage or gain access to a computer system.

The "Dance of Hillary" malware can steal banking information, passwords and personal data and may even allow remote control of devices, the police said. "Do not click unknown links or messages from strangers. Stay alert, stay secure." The police also advised against downloading files shared by unknown users.

India and Pakistan reached an understanding on Saturday to halt military actions after four days of intense cross-border drone and missile strikes.

Weapons, detonators seized after encounter with Naxalites on Maharashtra-Chhattisgarh border

PTI, GADCHIROLI: Police on Monday recovered two weapons, several live rounds, detonators and other material belonging to Maoists after an exchange of fire with them in Gadchiroli district of Maharashtra near the Chhattisgarh border, officials said.

The exchange took place at three locations and lasted two hours, a release by the Gadchiroli Superintendent of Police (SP) office said.

The police received intelligence inputs on Sunday afternoon that the Bhramragad Dalam of Maoists set up a camp on the Maharashtra-Chhattis-

garh border near a newly-opened foot overbridge at Kawande in Gadchiroli, it said.

Based on these inputs, an operation comprising approximately 200 commandos of C-60, a specialised police unit tasked with combating Naxal violence, led by Additional SP M Rames was launched on Sunday evening, the release added.

On Monday morning, when the police unit was carrying out the operation, the Maoists started firing at them indiscriminately, leading to a strong retaliation by the C-60 unit. The intermittent exchange of fire with Mao-

ists took place at three locations over a period of two hours.

After the gunfight stopped, the police recovered two weapons -- one automatic INSAS rifle and one single-shot rifle -- one magazine, several live rounds, detonators, one radio, 3 'pitthus' (sacks used by Maoists), a large amount of Naxal literature and belongings, the statement said.

The C-60 commandos completely destroyed the camp set up by Maoists.

Chances of some Maoists getting injured/killed and being dragged away by others cannot be ruled out, the statement said.

Steroids, protein powders behind alarming rise in hip damage among urban youth, warn experts

PTI, NEW DELHI: Group of orthopaedic experts have raised a serious public health concern, stating the misuse of steroids and unregulated protein powders is severely damaging the hips of young gym-going individuals in their 20s.

This warning came during the 'Delhi Hip 360' conference held in the national capital, where orthopaedic specialists highlighted the alarming rise in cases of Avascular Necrosis (AVN) and early hip degeneration in youth, conditions traditionally seen in older adults.

Dr L. Tomar, the organising chairman of the conference, said, "We are observing a significant surge in hip-related complaints among young patients in recent years. Every week in my OPD, I see two to three patients under the age of 30, many in their early 20s, complaining of persistent hip pain."

"Investigations often reveal Avascular Necrosis (AVN), a condition where blood supply to the hip bone is compromised, leading to bone death. In over 70% of these cases, there is a history of anabolic steroid use or excessive consumption of unverified

protein powders," said Dr Tomar, who is the unit head of orthopaedics and joint replacement at Max Hospital, Delhi.

Recent studies have indicated a rise in hip issues among youth and how alcohol and steroid use were key contributors to AVN among young adults, he said.

More recently, the Maharashtra FDA launched statewide checks on protein powders after several brands were found to be spiked with performance-enhancing steroids, many of which are freely available online or at gyms without proper

labelling or approvals.

Youth, especially those chasing rapid physical transformation, are unknowingly damaging their bone health, particularly the femoral head of the hip joint, which is uniquely sensitive to blood flow changes, Dr Tomar pointed out.

There is a thriving underground online market for performance-enhancing drugs and muscle-building supplements in India. Dr Rajiv Jain, senior orthopaedic surgeon, said that steroids, especially when misused or consumed unsupervised, di-

rectly impact the blood supply to the bones.

"It (AVN) begins with pain, stiffness, and limping and in many cases, leads to complete collapse of the hip joint. Hip replacements are required for patients whose condition can be treated using medications," Dr Jain stated.

The condition, AVN, is not only painful but also often irreversible if not diagnosed early. In extreme cases, the only treatment is total hip replacement, a complex procedure typically meant for older patients.
