Rubio says US concerned about Gaza, open to alternatives on aid

AFP, ANTALYA: US Secretary of State Marco Rubio voiced openness Thursday to any new ideas to bring aid into Gaza after a US- and Israeli-backed plan was sharply criticised, expressing concern over the humanitarian situation in the territory. A new US-backed foundation on Wednesday announced a plan to begin distributing aid later this month in Gaza, where Israel has cut off food and other humanitarian supplies for more than two months. "We're troubled by the humanitarian situation there," Rubio told reporters after warnings of famine in war-ravaged Gaza.

"I hear criticisms of that plan. We're open to an alternative if someone has a better one," Rubio said on a visit to Turkey. "We are for all the aid we can get without Hamas being able to steal it from people." Rubio also said he spoke about the situation in Gaza in a telephone call on Thursday with Israeli Prime Minister Benjamin Netanyahu, as President Donald Trump tours Arab monarchies in the Gulf region. Netanyahu has vowed a new offensive to wipe out Hamas, which sparked the war in Gaza with the deadliest attack against Israel in its history on October 7, 2023.

Pakistan offers zero-tariff bilateral trade deal to US: Report

PTI, ISLAMABAD: In a major development, Pakistan has offered a zero-tariff bilateral trade agreement to the United States, according to a media report on Thursday. Geo News reported the development, quoting government sources. "Pakistan is offering to enter into a bilateral agreement with zero tariffs on selected tariff lines, with mutual interests, to expand bilateral trade across multiple sectors," a high-level source told the channel when asked about the new policy offered to the US. The development comes after US President Trump claimed that he brokered a "ceasefire" between Pakistan and India. He also lauded the leadership of both countries and said he would be doing "a lot of trade" with both. The nuclear-armed neighbours ended their worst military conflict in nearly three decades after reaching an understanding on May 10 to end the conflict after four days of intense cross-border drone and missile strikes. Indian government sources in New Delhi have maintained that the Director Generals of Military Operations (DGMOs) of India and Pakistan reached an understanding to stop all firings and military actions on land, air and sea, without the involvement of any third party.
