Tivrem Orgao locals want traffic island at Tisk-Marcel Junction

Team Herald

PONDA: Villagers of Tivrem Orgao have demanded the construction of a traffic island at the Tisk-Marcel Junction.

They claimed that the junction, located approximately 200 metres from the KTC Bus Stand in Marcel, has become increasingly dangerous due to a significant rise in traffic volume, which has led to frequent traffic congestion and increasing number of accidents, causing considerable concern among local residents.

The villagers said the junction serves as a convergence point for roads leading to Betki Volvo and

Banastarim. In addition to regular vehicular traffic, numerous passenger buses pass through the area, and students and other commuters often wait for buses along the roadside.

They further stated that heavy vehicles frequently use this route, and there have been accidents due to brake failures on the slope of the Betki bypass. The continuous flow of traffic towards Panjim and other locations further exacerbates the situation.

Given the current conditions, the villagers believe that the Tisk Marcel Junction has become highly accident-prone and requires immediate attention.
