Indian delegation's Moscow flight delayed because of drone strikes

PTI, MOSCOW: A flight carrying a delegation of Indian parliamentarians among other passengers had an arrival delay of around 40 minutes on Thursday in view of brief shutting of airports in the Russian capital following a barrage of overnight drone strikes, people familiar with the matter said.

Russian authorities said 153 flights were impacted due to what they called "temporary flight restrictions".

The Russian capital had become the target of dozens of Ukrainian drone attacks forcing closure of all airports, the people cited above said.

Some of the flights were diverted to different airports, it is learnt.

There is no official statement by Russian authorities on the specific reasons for the flight delays.

The flight carrying the Indian parliamentary delegation led by DMK lawmaker Kanimozhi arrived

DMK MP Kanimozhi Karunanidhi, Samajwadi Party (SP) MP Rajeev Rai, BJP MP Brijesh Chowta, RJD MP Prem Chand Gupta, AAP MP Ashok Kumar Mittal & former ambassador Manjeev Puri being welcomed by Indian Ambassador to Russian Federation Vinay Kumar at Moscow, Russia

at Domodedovo international airport with a delay of about 40 minutes, the people said.

The Indian delegation is in Moscow as part of New Delhi's global diplomatic outreach to highlight its zero-tolerance policy towards terrorism and expose Pakistan's alleged links to cross-border terror activities.

The town of Elets, about 400 kms south of Moscow, was attacked by several Ukrainian drones, the RTVi news portal reported.

INDIAN DELEGATION IN JAPAN REAFFIRMS UNIFIED ANTI-TERROR STANCE

PTI, TOKYO: An Indian Parliamentary delegation on Friday highlighted India's unified and determined stance against terrorism, as it met members of Japan's ruling Liberal Democratic Party. The all-party delegation led by JD(U) MP Sanjay Jha is in Japan to sensitise global leadership about terror emanating from Pakistan, a month after the Pahalgam attack that left 26 people dead. The delegation also held fruitful interaction with Minoru Kihara, Former Defence Minister of Japan, and Shinako Tsuchiya, Director General of the International Bureau, Liberal Democratic Party (LDP).

N Korean leader furious over failed warship launch, vows to arrest those responsible

AP, SEOUL: North Korea is seeking to arrest those responsible for the failed launch of its second naval destroyer, as it denied the warship suffered major damage a claim quickly met with outside scepticism.

A statement from North Korea on its handling of the botched launch came after leader Kim Jong Un expressed fury over the incident that he said was caused by criminal negligence. The main military committee said Friday that those responsible would be held accountable for their "unpardonable criminal act."

Satellite imagery on the site showed the vessel lying on its side and draped in blue covers, with parts of it submerged. North Korea says it will take about 10 days to repair the damage, but outside observers question that timeframe because damage to the ship appeared much worse than what North Korea claims.

North Korea's state media said Friday the severity of the damage to the 5,000-ton-class destroyer was "not serious" as it cancelled an earlier assessment that the bottom of the hull had been left with holes.

It said the hull on the starboard side was scratched and some seawater had flowed into the stern section. It said it needs a total of 10 days to pump out the seawater, set the ship upright and fix the scratches.

It's almost impossible to verify the assessment because of the extremely secretive nature of North Korea. It has a history of manipulating or covering up military-related setbacks, policy fiascos and other mishaps, though it has periodically acknowledged some in recent years.

Lee Illwoo, an expert with the Korea Defence Network in South Korea, said the North Korean warship likely suffered much worse damage, including the flooding of its engine room located in the stern section, and holes in the starboard.

He said North Korea could simply set the ship upright, paint it over and claim the ship has been launched, but that repairs could take more than a year as the replacement of an engine requires cutting the hull.

According to the North Korean account, the destroyer was damaged when a transport cradle on the ship's stern detached early during a launch ceremony at the northeastern port of Chongjin on Wednesday.

Moon Keun-sik, a navy expert who teaches at Seoul's Hanyang University, said North Korean workers are probably not familiar with launching a 5,000-ton-class warship, which is a few times heavier than its existing main navy ships.

Bangladesh's interim govt chief Yunus mulls resignation: Report

PTI, DHAKA/NEW DELHI: Bangladesh's interim government chief Professor Muhammad Yunus mulls resignation as he finds it difficult to work because political parties failed to reach a common ground, BBC Bangla service reported at midnight on Thursday quoting student-led National Citizen Party CP party chief Nhid Islam.

"We have been hearing news of sir's (Yunus) resignation since this morning. So I went to meet sir to discuss that issue. He said he is thinking about it. He feels that the situation is such that he cannot work," Islam told the BBC Bangla.

Islam said he told the chief adviser he expected the political parties would force unity and cooperate with him, and "I hope everyone will cooperate with him".
