Congress terms PM's insensitivity to Manipur crisis as 'truly shocking'

PTI, NEW DELHI: With fresh violence rocking parts of Manipur, the Congress on Sunday targeted Prime Minister Narendra Modi for his "insensitivity" to the suffering of people in the state.

In a post on X, Congress general secretary Jairam Ramesh said the pain, distress, and agony of the people of Manipur continues unabated as five districts of Imphal West, Imphal East, Thoubal, Kaching, and Bishnupur in Manipur have been rocked by violence in the last 24 hours.

A day after violent protests erupted in Manipur over the arrest of a leader of Meitei outfit Arambai Tenggol, the situation remained tense on Sunday with the administration imposing prohibitory orders and suspending internet services in five Imphal valley districts, police said.

districts, while internet and mobile data services, including VSAT and VPN facilities, have been suspended in these valley areas.

Hitting out at the government, Ramesh claimed that in February 2022 the BJP "engineered a majority for itself alone" in the assembly elections.

"But less than fifteen months later from the night of May 3, 2023 Manipur was

made to burn. Hundreds of innocent men, women, and children were killed. Thousands were displaced. Places of worship were destroyed," he said.

On June 4, 2023, the Congress leader said the Union Government set up a three-member Commission of Inquiry. That Commission has been given repeated extensions to submit its report and the

Security personnel keep vigil after the administration imposed prohibitory orders and suspended internet services in five Imphal valley districts, in Manipur

latest deadline given to it is November 20, 2025, he noted.

On August 1, 2023, Ramesh said the Supreme Court observed that there had been an "absolute breakdown of constitutional machinery" in the state for the past two months.

"The Union Home Minister went through the motions of visiting Manipur while the PM maintained

absolute silence refusing to say anything and meet anybody from the state.

"President's Rule, however, has made no difference," Ramesh said.

He claimed the Governor himself has been forced to travel from Imphal airport to his residence by helicopter. Law and order in many parts of the state remains in a state of peril, he added.

Active Covid cases in India cross 6k-mark

PTI, NEW DELHI: India's active Covid case tally crossed the 6,000 mark with 769 new infections being reported in the last 48 hours, according to the Union health ministry data released on Sunday.

K'taka CM defends holding RCB felicitation at Vidhana Soudha despite police warning

PTI, MYSURU/BENGALURU: Karnataka Chief Minister Siddaramaiah on Sunday defended the decision to go ahead with the RCB victory celebration in front of Vidhana Soudha, saying no untoward incident happened there.

The CM's reaction came to the DCP (Vidhana Soudha security) letter written before the event warning against holding felicitations at Vidhana Soudha "hastily", surfaced now.

The CM, however, clarified that the event at Vidhana Soudha was organised by the Karnataka State Cricket Association (KSCA), and that he attended the programme as he was invited. On June 4, along with a felicitation to the RCB on IPL victory at Vidhana Soudha, a celebration was also organised at the Chinnaswamy cricket stadium, where a large number of people thronged, leading to stampede, in which eleven people died and 56 were injured.

A letter by DCP (Vidhana Soudha security) on June 4 to Secretary to the government, Department of Personnel and Administrative Reforms (DPAR), warning against organising the event hastily, and also highlighting that they did not have enough personnel to organise security for such an event, where a large number of people would gather, at

short notice, has surfaced.

The letter was in response to DPAR seeking his opinion on holding the felicitation event on the grand stairs of the Vidhana Soudha to honour the RCB players.

"The RCB cricket team has a fan following across the country. Organising the event in a hurry on the grand stairs of Vidhana Soudha will lead to lakhs of cricket fans arriving at Vidhana Soudha. This will lead to problems in bandobast since there is a shortage of officers/personnel in Vidhana Soudha security division," the DCP's letter said.

As the RCB fan following is huge, police personnel from outside the city will be required for bandobast and it will require time, he further said, both law and order and the traffic police will have to coordinate for a mega event like this and there is not enough time.

The officer said if the event is organised, the issue of online or offline passes for visitors to Vidhana Soudha should be completely stopped.

Also, as there are chances of the secretariat staff getting their family members for the event, an order should be issued aimed at ensuring that this doesn't happen. It also sought a holiday in the afternoon for secretariat staff to ensure that they too don't come there.

The girl, a resident of Nehru Vihar, had gone to give ice to a relative living nearby around 7 pm on Saturday, her family members said.

When she did not return home for a long time, her parents began searching for her. According to the victim's father, they approached several relatives and neighbours, but no one had seen her after her brief visit to the relative's house.

"She had only gone to deliver ice to our relatives. They said she stayed for five minutes and left. But she never came back. We looked everywhere. Finally, someone told us that she was seen entering a house nearby. That is where we found her in a suitcase," the girl's father said.

He said when he went to the house, it was locked. He broke the lock and entered the house. Inside, he found his daughter stuffed in a bloodstained suitcase.

The family members rushed the girl to a local clinic, but the doctor asked them to take her to a hospital immediately. At the Jag Praveesh Chandra Hospital in Shastrji Park, doctors declared her brought dead, her father said.
