Fire erupts on Singapore-flagged container vessel off Kerala coast

PTI, KOCHI: A major fire broke out on board a Singapore-flagged ship after a container explosion off the Kerala coast on Monday, defence sources said. Eighteen crew members were rescued, while four remain missing. The incident occurred at approximately 9.20 am IST, around 44 nautical miles off Azhikkal in Kannur district of Kerala and 130 nautical miles northwest of Kochi. Defence sources said that of the 22 crew members on board the Singapore-flagged container ship, MV Wan Hai 503, 18 who had abandoned the vessel were rescued by Indian Navy and Coast Guard assets. They are being brought to Mangaluru Port on the Navy ship INS Surat for dis-

Thick black smoke billows from Singapore-flagged container vessel MV WAN HAI 1503 following an explosion, about 130 nautical miles northwest of Kerala coasts

embarkation and further necessary procedures. The vessel was enroute from Colombo, Sri Lanka to Nhava Sheva, Mumbai, with an expected time of arrival (ETA) on June 10, 2025. "The fire rapidly engulfed the mid-section of the vessel, which is currently adrift. Preliminary reports suggest that 10-15 containers have fallen overboard," a Coast Guard release said. The crew members include eight Chinese, six Taiwanese, five Myanmar, and three Indonesian nationals. "Following the explo-

sion and escalation of the fire, the crew abandoned the ship. 18 crew members have been rescued, while four remain missing. A search and rescue operation is currently underway," the release said. Visuals provided by the maritime security agencies showed the fire engulfing the mid section of the Singapore-flagged container vessel measuring 270 metres in length with a draught of 12.5 metres. The Coast Guard said it initiated an immediate response, deploying two Dornier aircraft equipped with life rafts for aerial surveillance and situational assessment. Five ICG ships, including specialised firefighting and pollution response vessels, have been mobilised to the incident site.

163 cases of newly emerging COVID-19 variant XFG detected in India: INSACOG

PTI, NEW DELHI: About 163 cases of the newly emerging COVID-19 variant XFG have been detected in India so far, according to INSACOG data. The recombinant XFG variant harbours four key spike mutations and has achieved rapid global spread following its initial detection in Canada, according to an article in The Lancet journal. According to data from the Indian SARS-CoV-2 Genomics Consortium (INSACOG), the XFG variant of the COVID-19-causing virus has been found in a total of 163 samples -- highest (89) in Maharashtra, followed by Tamil Nadu (16), Kerala (15), Gujarat (11), and Andhra Pradesh, Madhya Pradesh and West Bengal (six each). In May, as many as 159 samples were detected with XFG variant while two samples tested for this variant in April and two in June yet, data shows. India's active Covid case tally crossed the 6,000 mark, with 769 added in the last 48 hours, according to the Union health ministry data released on Sunday.

School jobs: Cal HC reserves judgment on plea over monetary support to non-teaching staff

PTI, KOLKATA: The Calcutta High Court on Monday reserved judgment on a petition challenging the West Bengal government's introduction of a scheme for providing monetary support to non-teaching staff, who lost their jobs following a Supreme Court order. Justice Amrita Sinha reserved judgment on the petition, which opposed the payment of Rs 25,000 to Group C and Rs 20,000 to Group D employees by the state. The West Bengal government had recently introduced a scheme to provide "limited livelihood, support and social security on humanitarian ground" on temporary basis, subject to orders of any competent court, to distressed families of non-teaching staff in Group C and Group D categories, who were recruited through the 2016 selection process conducted by the WBSSC. Nearly 26,000 teaching and non-teaching staff of West Bengal government-sponsored and -aided schools lost their jobs following a Supreme Court judgment, which found the 2016 selection process tainted.

Moving the petition by some waitlisted candidates for the 2016 hiring process, senior advocate Bikash Bhattacharya asked from where does the state derive powers to make laws to unsettle a Supreme Court judgment or that of a high court. Claiming that the scheme is violative of the top court order annulling the appointments, Bhattacharya said that Article 162 of the Constitution, which categorises the extent of executive powers of the state, is subject to the provisions of the Constitution, by which the legislature has the power to make laws. He stated that Article 162 does not empower the state to make a scheme to frustrate a judgment of the Supreme Court. Bhattacharya prayed for intervention of the court on this premise and sought stay of the scheme. When the court asked whether the state gave effect to this notification, Advocate General Kishore Dutta, representing the West Bengal government, said it has been done and one installment had already been released. Justice Sinha verbal-

Espionage case: Punjab YouTuber Jasbir sent to judicial custody

PTI, CHANDIGARH: A Mohali court on Monday sent Punjab-based YouTuber Jasbir Singh arrested on espionage charges to judicial custody. Singh was produced before the court after the completion of this two-day police remand. Post his arrest on June 4, he was sent to three days of police remand following which it was extended for two days. Singh's counsel Mohit Dhupar said he will be produced in court again on June 23. Jasbir Singh alias Jaan Mahal (41), who hails from Mahlan Village in Rupnagar District, was running a YouTube channel "Jaan-Mahal Video" with over 11 lakh subscribers, ostensibly posting travel and

cooking vlogs. Singh was alleged to be in close touch with Haryana-based influencer Jyoti Malhotra, who is in judicial custody on charges of spying for Pakistan. After Singh's arrest, Punjab Police claimed that it unearthed a "terror-backed espionage network" linking him to Pakistani intelligence and army officials. Police said that the YouTuber was allegedly spying for Pakistan's Inter-Services Intelligence. The accused travelled to Pakistan on three occasions including in 2020, 2021 and 2024, and came into direct contact with ISI officers, who subsequently cultivated and recruited him to carry out espionage activities within India, police added.

First Death Anniversary
"But God will redeem my life from the grave, he will surely take me to himself." (Psalm 49:15)

Assam flood remains critical 2.6 lakh still affected

PTI, GUWAHATI: The flood situation in Assam remained critical with around 2.6 lakh people in six districts still suffering from the deluge on Monday, even as the water levels continued to recede in many parts of the state, officials said. A senior official of the Assam State Disaster Management Authority (ASDMA) told PTI that the floodwaters continued to recede in almost all inundated areas, with most parts of the state not witnessing any rain in the last 24 hours. "If it does not rain today, we hope that the situation will improve considerably in most parts of the state," he added. A report, issued by the ASDMA on Sunday night, said that three more people lost their lives in Kamrup district, and around 2.6 lakh people are suffering from the deluge across six districts. The total number of people who lost their lives in this year's flood and landslides has increased to 26. Sribhumi is the worst

hit with over 1.62 lakh people suffering, followed by Hailakandi with almost 52,000 and Cachar with more than 36,000 reeling under floodwaters, it added. The administration has been operating 130 relief camps and relief distribution centres in four districts, taking care of 24,908 displaced people currently. The authorities have distributed 262.2 quintals of rice, 46.02 quintals of dal, 21.2 quintals of salt and 2,122.53 litres of mustard oil among the flood victims of the state in the last 24 hours. At present, 741 villages are under water and 6,311.16 hectares of crop areas have been damaged across Assam, the ASDMA said. Embankments, roads, bridges and other infrastructure have been damaged by flood waters in many districts across the state. Currently, no river is flowing above the danger level. On account of widespread flooding, over 1,44,597 domestic animals and poultry are affected across the state.

THREE YEARS WITH THE LORD
Romans 14:8 "If we live, it's to honor The Lord Jesus Christ And if we die, it's to honor The Lord. So whether we live or die, we belong to THE LORD."
