PTI, SHILLONG: Sonam Raghuvanshi confessed to be part of the conspiracy to kill her husband Raja during their honeymoon in Meghalaya, and accused Raj Kushwaha of being the mastermind of the Indore-based businessman's murder, a senior police officer said on Thursday. On the other hand, Kushwaha, Sonam's suspected boyfriend, put the blame for orchestrating the murder on her, Deputy Inspector General of Police DNR Marak said on Thursday. Sonam and Kushwaha are among the five people arrested in connection with the murder of Raja Raghuvanshi, whose decomposed body was recovered from a gorge in Sohra area of East Khasi Hills district on June 2. "Sonam confessed to be a part of the conspiracy to kill her husband but we are yet to establish who the mastermind of the plot is. Both Sonam and Raj are blaming each other," Marak told PTI. He said the investigation has started to unearth the conspiracy. "There are inconsistencies in the statements collected individually of all the accused persons. 'MANGALSUTRA', RING LEFT BEHIND AT HOMESTAY HELPED POLICE CRACK CASE: DGP
PTI, SHILLONG: Raja Raghuvanshi and his wife Sonam had left their suitcase at a homestay in Sohra before going missing, and the 'mangalsutra' and a ring found in it helped investigators crack the honeymoon murder case, Meghalaya DGP, I Nongriat, said. Sonam (25) and Raja (29) got married in Indore on May 11 and reached Meghalaya via Guwahati in Assam on May 20 for their honeymoon. Both of them went missing on May 23 in Sohra in East Khasi Hills district, hours after checking out of a homestay at Nongriat village. "We recovered Sonam's 'mangalsutra' and a ring from the suitcase the couple abandoned at a homestay in Sohra. A married woman leaving behind the ornaments gave us a clue to pursue her as a suspect in the case," Nongriat told PTI on Wednesday evening. 'Mangalsutra' is a necklace worn by married Hindu women. Raja's body was found in a gorge near Weisawdong Falls on June 2.

ducted a recce, he said. The SIT conducting the probe into the murder is seeking assistance from the police in Assam and other states to link all evidence in the case. The three hired killers from Indore stopped over for a night in Guwahati and procured from there a machete that was later used to kill Raja, he said. The three and the couple arrived in the Meghalaya capital Shillong around the same time before they started for Sohra, about 65 km from here, last month, Marak said. Raja (29) and Sonam (24) went missing in the hills of Sohra on May 23, while his body was found in a gorge near Weisawdong Falls on June 2.

India scuppered 2 lakh cyberattacks during Operation Sindoor

PTI, SRINAGAR: India foiled around two lakh cyberattacks targeting its power infrastructure in the course of a week during Operation Sindoor, Union Power Minister Manohar Lal Khattar said here on Thursday. "Since the advancement in technology, new dangers have emerged - cyberattacks or cybercrimes. There has been an increase in these, but the government has worked on it, and our cybersecurity has almost stopped all such dangers," Khattar told reporters here. He was addressing a press conference on the completion of 11 years of the BJP-led Central government. "There have been many cyberattacks on the country. As far as the Power department is concerned, around two lakh cyberattacks were attempted, but our cyber department foiled each one of them, and there were no losses," the minister said. Khattar said these attempts were made in "eight to ten days" around the time Operation Sindoor went underway. Asked whether the attacks were made from within the country or outside it, the minister said these attacks can take place from any corner of the world. "It is known worldwide that those against us will do things like these, but... We have stopped such attacks. Our system is capable and in the future also, we will foil all such attacks," he said. "When someone fails for the first time, and second time, he will ultimately get discouraged and stop," he added.

Inflation declines to 6-yr low of 2.82% in May: Govt data

PTI, NEW DELHI: Retail inflation dipped to an over six-year low of 2.82 per cent in May mainly due to subdued prices of food items, including vegetables, fruits, and protein-rich items, showed government data released on Thursday. The Consumer Price Index (CPI) based retail inflation was 3.16 per cent in April and 4.8 per cent in May 2024. Food inflation was at 0.99 per cent in May, significantly down from 8.69 per cent in the year-ago month, according to data of the National Statistics Office (NSO). "The significant decline in headline inflation and food inflation during the month of May 2025 is mainly attributed to a decline in inflation of pulses & products, vegetables, fruits, cereals & products, households goods & services, sugar & confectionary and egg and the favourable base effect," NSO said in a statement. The food inflation in May 2025 is the lowest since October 2021.

Judicial activism shouldn't turn into judicial terrorism: CJI

PTI, NEW DELHI: Chief Justice of India B R Gawai has emphasised that judicial activism is bound to stay, but it should not be turned into judicial terrorism. CJI Gawai said the power of judicial review should be used sparingly and only if a statute is violative of the basic structure of the Constitution. "Judicial activism is bound to stay. At the same time, judicial activism should not be turned into judicial terrorism. So, at times, you try to exceed the limits and try to enter into an area where normally the judiciary should not enter," Gawai said. Gawai described the Constitution as a "quiet revolution etched in ink" and a transformative force that not only guarantees rights but actively uplifts the historically oppressed. Speaking at the Oxford Union in London on the theme 'From Representation to Realisation: Embodying the Constitution's Promise' on Tuesday, the CJI, the second Dalit and the first Buddhist to hold India's highest judicial office, highlighted the positive impact of the Constitution on marginalised communities and gave his example to drive home the point. "Many decades ago, millions of citizens of India were called 'untouchables'. They were told they were impure. They were told that they did not belong. They were told that they could not speak for themselves. "But here we are today, where a person belonging to those very people is speaking openly, as the holder of the highest office in the judiciary of the country," the CJI said.
