Case filed over illegal laterite mining causing Rs 1 crore loss to State

MARGAO: Jeetendra Veluskar, Geologist with the Directorate of Mines and Geology, Panjim, has filed a complaint with Cuncolim Police alleging illegal laterite stone extraction at Paryemol-Khaddem, Quepem. According to the complaint, unknown persons carried out the extraction before March 27, without the required licence or permit, and transported the stones to an undisclosed location. The act is said to have caused a loss of approximately Rs 1 crore to the State exchequer. Cuncolim Police have registered a case under Section 303(2) of the Bharatiya Nyaya Sanhita (BNS) and under Rules 3, 38, and 73(1) of the Goa, Daman and Diu Minor Mineral Concession Rules, 1985.

Cuncolim homes burgled; locals demand patrolling boost

MARGAO: Burglars targeted two unoccupied homes in Cuncolim, though police stated no items were stolen. One house belongs to a family based in England, who alerted relatives after noticing the CCTV feed had gone offline. On inspection, the family found forced entry and ransacked cupboards. CCTV footage showed at least one suspect scaling the gallery. Police are investigating. Residents have called for increased night patrols, citing a similar burglary last week at the home of Santana Dias, where gold and cash worth Rs 15 lakh were stolen.

MARGAO: Helpage India, in collaboration with the All Goa Senior Citizens Federation, organized a comprehensive awareness programme in Margao on Sunday to highlight the fundamental rights of the elderly population. The event, held under the compelling theme "Bridging Generations, Building Future," aimed to foster meaningful intergenerational understanding and promote sustained respect for senior citizens across the community. The programme successfully brought together elders, youth, and community leaders in a collaborative effort to raise awareness about the multifaceted challenges faced by the elderly and to advocate strongly for their rights and dignity. Comprehensive discussions focused on critical areas including social inclusion, equitable access to healthcare, financial security, and also essential legal rights of senior citizens. The various distinguished speakers emphasized the vital importance of building a compassionate society where older generations are genuinely valued and actively supported, and where younger generations are thoroughly sensitized to both the needs and invaluable contributions of the elderly.
