Family members and others pay tribute to Captain Sumeet Sabharwal, pilot of the Air India plane which crashed in Ahmedabad last week, after his mortal remains were brought to Mumbai for his last rites

Tuesday.

Authorities are carrying out DNA tests to establish the identity of the victims as many bodies were charred beyond recognition or damaged.

"So far, 163 DNA samples have been matched, and 124 bodies have been handed over to the respective families. Remaining mortal remains will be handed over soon," Medical Superintendent of Ahmedabad Civil Hospital Dr Rakesh Joshi told reporters.

Of the 71 injured persons admitted to the hospital after the crash, nine are currently undergoing treatment while two died during treatment, said Joshi.

He dismissed reports which claimed two more MBBS students of BJ Medical College, affiliated to the Civil Hospital, were killed in the crash.

"I want to clarify that only four students of BJMC were killed in the crash and there is no change in that count. Of those two doctors who were also killed, one was on board the flight while another was from Surat and came to the hostel to meet his sister who married a resident doctor," said Joshi.

He hoped that the DNA profiling of all the victims would be completed by either Tuesday evening or Wednesday morning.

All but one of the 242 persons on board the Boeing 787-8 Dreamliner were killed after it crashed into a medical college complex in Ahmedabad moments after taking off from the Sardar Vallabhbhai Patel International Airport at 1.39 pm on June 12. A total of 29 persons were killed on the ground.

NEW VIDEO SHOWS PEOPLE JUMPING OFF AFTER PLANE CRASH

PTI, AHMEDABAD: A new video has surfaced showing panicked residents of the BJ Medical College (BJMC) in Ahmedabad jumping off or attempting to leap from the balcony of a five-storey building when the Air India flight AI-171 slammed into their campus on June 12. In one of the frames of the chilling video, a woman is seen trying to climb down from the balcony with the support of mere railings with huge flames emanating from the crash site just metres away. In the background, people recording the video from above the peripheral wall of the campus could be heard shouting, fearing the girl could fall and sustain injuries. Later, a man is also seen trying to climb down in a similar way. The BJMC, one of the oldest medical colleges in India, has been the epicentre of action following the crash, which killed 241 people on board the ill-fated flight and 29 on the ground, including five MBBS students. The London-bound AI flight, a Boeing 737-8 Dreamliner, crashed into the medical complex moments after taking off from the Ahmedabad airport. The impact of the crash was such that the aircraft's tail got stuck in the hostel mess building and parts of the plane were strewn across the residential campus. BJMC Dean Minakshi Parikh on Monday said alternate rooms have been given to all those who were asked to vacate the accommodation after the disaster. The Aircraft Accident Investigation Bureau (AIIB) had asked the medical college to vacate four buildings that suffered damage in the crash.
