PTI, DUBAI: The ICC has introduced stop clock in Test cricket to deal with slow over rates while allowing fielding teams to decide which batter should be on strike in case of a 'deliberate' short-run as part of the playing conditions for 2025-27 World Test Championship cycle.

The new rules have been implemented from the 2025-27 World Test Championship which got underway with the first of the two Tests between Sri Lanka and Bangladesh in Galle. According to the ICC Test Match Playing Conditions on the governing body's website, the use of the stop clock — like in limited-overs cricket — has been implemented to eradicate the issue of slow over-rate.

"The fielding side shall be ready to start each over within 60 seconds of the previous over being

completed. An electronic clock will be displayed at the ground that counts up seconds from zero to 60," the ICC said.

The fielding side will thus be given two warnings and in case of a third infraction, the batting side will be awarded with five penalty runs. These warnings will be reset to zero after the completion of 80 overs, the ICC said.

Meanwhile, ESPNcricinfo reported that the ICC no longer mandates the umpires to change the ball once they discover saliva on it. The ban on the use of saliva remains in force.

The website said fielding teams may deliberately apply saliva on the ball to force a ball-change but the current document available on playing conditions for men's Test cricket does not mention any such change.

The ICC also said in case there are instances of re-

ferrals being made by both player and the on-field umpire, the process will be carried out in a chronological order, effectively as per the order of their occurrence.

The ICC instructed that in case of a second review of a decision adjudged 'out' by an on-field umpire, the default decision for the subsequent mode of dismissal will remain 'out'.

In such a scenario, the default decision for this mode of dismissal will be 'out' and if the ball-tracking shows 'umpire's call', the batter will be given 'out'.

In case of a "deliberate short run", the ICC explained, "A deliberate short run is an attempt for batters to appear to run more than one run, while at least one batter deliberately does not make good their ground at one end."

"Batters may choose to abort a run, provided

the umpire believes that there was no intention by the batter concerned to deceive the umpires or to score the run in which they didn't make their ground."

In such scenarios, the umpire at the bowler's end will disallow all runs to the batting side, return any not out batter to his original end, signal a no-ball or a wide-ball if applicable, make a short-run signal to the scorers, award five penalty runs to the fielding side and "request their captain to identify which of the two batters will be on strike for the next delivery".

The ICC said the TV umpire will now review the fairness of a catch taken off a no-ball. In case if a fair catch, the batting side will get an extra run for the no-ball and in case the catch is not cleanly taken, the batting side would get the runs the batters would have taken.

Nissanka ton puts Sri Lanka on top

AFP, COLOMBO: In-form opener Pathum Nissanka scored an unbeaten 146 as Sri Lanka tightened their grip on the second Test against Bangladesh on day two in Colombo on Thursday. The hosts were 290-2 at stumps, a lead of 43 on the back of Nissanka's sparkling innings off 238 balls.

It follows his career-best score of 187 in the first Test in Galle, which ended in a draw.

Nissanka found an able partner in former skipper Dinesh Chandimal, who scored a fluent 93 before a lapse in judgement saw him lose his wicket minutes before stumps. The two put on 194 runs together.

Earlier, debutant Sonal Dinusha took 3-22 as Sri Lanka bowled out the visitors for 247.

Brief scores: Bangladesh: 247 (Shadman Islam 46, Mushfiqur Rahim 35, Sonal Dinusha 3-22, Asitha Fernando 3-51). Sri Lanka: 290-2 (Pathum Nissanka 146 not out, Dinesh Chandimal 93).

Inter Milan, Monterrey & Dortmund in last 16

AFP, SEATTLE: Inter Milan kept their cool to beat nine-man River Plate 2-0 and reach the Club World Cup last 16 on Wednesday, while Mexican side Monterrey followed them through from Group E.

Borussia Dortmund defeated Ulsan HD 1-0 to claim top spot in Group F and the Germans will face Sergio Ramos' Monterrey, who thrashed Urawa Red Diamonds 4-0. Argentine powerhouses River Plate were eliminated after their defeat by Inter, who will take on more South American opposition on Monday in Charlotte, in the shape of Fluminense.

The Brazilian side could only draw 0-0 against South Africa's Mamelodi Sundowns but it was enough to claim second place behind Dortmund.

Champions League runners-up Inter faced a battle in Seattle against an aggressive River Plate side who had Lucas Martinez and Gonzalo Montiel sent off in front of 45,000 fans at Lumen Field. Both Argentine

teams at the tournament, River and their rivals Boca Juniors, have been eliminated despite their fans creating vibrant atmospheres.

A solitary first-half goal by Daniel Svensson earned Dortmund top spot in Group F in sweltering Cincinnati heat. Ulsan go home with three defeats from three games, while Fluminense are through after their draw against Sundowns, meaning all four Brazilian teams in the competition have progressed to the knockout phase. Sundowns' exit means none of the four African clubs who came to the tournament will feature in the last 16, but their performances mean they can go home with their heads held high.

CLUB WC RESULTS
Borussia Dortmund 1 (Svensson 36) **Ulsan HD 0**, **Mamelodi Sundowns 0** **Fluminense 0**, **Inter Milan 2** (Esposito 72, Bastoni 90+3) **River Plate 0**, **Urawa Red Diamonds 0** **Monterrey 4** (Deossa 30, Berterame 34, 90+7, Corona 38)

India face Bumrah question ahead of 2nd Test

PTI, NEW DELHI: Will Jasprit Bumrah play in the second Test at Edgbaston? That is the biggest question facing the Indian team management as it looks to draw parity against England after losing the series opener from a commanding position at Leeds.

In his media interaction post the five-wicket loss on day five, Head Coach Gautam Gambhir made it clear that there will be no change in the workload of injury-prone pace spearhead Bumrah, who is slated to play three out of five Tests in the English summer. With the first Test ending on June 24 and the next beginning on July 2, there is enough time for Bumrah to recover but only he knows best about his body. Bumrah, the only bowler who consistently

posed a challenge for the English batters, took a five-wicket haul in the first innings and delivered an overall 44.4 overs in the match.

A pace attack without Bumrah makes the opposition's task significantly easier and increases the Indian team's headache, over deciding which of the two remaining Tests its trump card could be a part of.

The management, thus, would have had a much easier decision to make had Shubman Gill and Co gone to Birmingham 1-0 up.

"That is a tough call indeed for the team management. He should ideally play when the series is alive but the management knows best on how to manage his workload," former India

chief selector MSK Prasad told PTI.

A BCCI source added: "Bumrah has close to a week's gap between first and second Test. So the decision rests with chief selector Ajit Agarkar, Gautam Gambhir and Shubman Gill. They might assess him a day before the Test, and take a final call."

There is only a three-day gap between second and third Test, scheduled at Lord's from July 10-14, and therefore, Bumrah is certain to not feature in both the games.

"We won't change the plans," said Gambhir on Tuesday when asked whether the team management will push Bumrah to play four Tests.

Edgbaston or Lord's? Gambhir and Co clearly have a tough call to make.
