“The Congress Party stands in unwavering solidarity with the OBC community in their rightful demand for a caste-based census. This is not merely a demand, but a necessity for ensuring that every section of society receives its due share in resources, representation, and opportunities

— Amit Patkar, GPCC President

of the Opposition Yuri Alemao and GPCC OBC Department Chairman Sharad Chopdekar—stated, “The Congress Party stands in unwavering solidarity with the OBC community in their rightful demand for a caste-based census. This is not merely

a demand, but a necessity for ensuring that every section of society receives its due share in resources, representation, and opportunities.”

Patkar emphasised that, under the leadership of Rahul Gandhi, the Indian National Congress

has committed to restoring balance and equity in governance by giving voice and visibility to the 90% of the population that remains underrepresented.

The memorandum submitted by the Bhandari Samaj highlights the growing sentiment among backward communities for recognition, dignity, and data-driven policies. The Congress Party, both at the national and state level, pledges to carry forward this demand and continue the struggle for justice and empowerment.

Political analyst slams BJP for neglecting ST community

Team Herald

PANJIM: Political analyst Trajano D'Mello and social worker Mariano Rodrigues on Friday slammed the Bharatiya Janata Party (BJP) for neglecting the rights of the Scheduled Tribes (ST) community, coastal communities, and broader state priorities, accusing the central government of treating Goa as an afterthought in national policy making.

Speaking to reporters, Trajano and Rodrigues highlighted three major areas where the BJP-led NDA government has allegedly failed the people of Goa. Trajano

noted the unjustified delay in the ST Reservation Bill, despite the ST community constituting around 12 per cent of Goa's population.

Alleging that Goa was being treated as a low priority in Parliament, they criticised the BJP for fast-tracking other legislative matters while consistently sidelining crucial bills concerning Goa, particularly the pending ST Reservation Bill. “Even after our MPs pushed for it in the Business Advisory Committee, there has been no progress,” said Trajano, expressing disappointment over the continued neglect.

With an eye on 2027 polls, BJP red flags duplicate voter entries

Team Herald

PANJIM: With an eye on the 2027 electoral battle, the BJP raised concern over the mushrooming of bogus voters in the State and called on the Chief Electoral Officer (CEO) to initiate action and weed out the duplicates.

Goa BJP President Damu Naik on Friday met the CEO Ramesh Verma and demanded that the official verify and delete bogus voter registrations, particularly in cases where multiple voters are listed under a single house number.

Submitting a formal memorandum, Naik raised concerns over what he de-

scribed as “a malice” affecting the electoral rolls across Goa. He called for a comprehensive verification exercise to weed out duplicate, deceased, and relocated voters.

“The existing drive to link Aadhaar cards with voter names in the electoral roll is a good practice and needs to be expedited, especially with the Goa Legislative Assembly elections scheduled for 2027,” Naik stated. “We request that voters registered under a single house number be grouped for easier verification.”

Highlighting discrepancies that persist despite previous cleanup attempts,

KEY DEMANDS

- Raise concern over duplicate entries of voters in various constituencies, states
- Feel the need to expedite ongoing drive to link Aadhaar numbers with voter ID cards
- Call for deletion of voters who have either moved away or deceased
- Back integration of electoral database with birth, death registry to facilitate updates

he said, “It has been noticed that voters who have moved away from their place of residence continue to appear in the rolls.”

Naik also called for a systematic integration of electoral data with the state's birth and death registry to

ensure that names of deceased individuals are removed promptly.

He stressed the need to tackle duplicate enrolment, saying, “Duplicate voters, if any, remain a serious issue. Some individuals enrol themselves at more than

one location. This verification should not be limited to polling booths but carried out across Goa—and even across Bharat—to identify and eliminate such cases.”

In his memorandum, the BJP State President further insisted that all additions or deletions to the electoral roll be done in consultation with BLA 1 and BLA 2, the Booth Level Agents appointed by political parties, rather than solely at the discretion of Booth Level Officers (BLOs).

“There have been many instances where unilateral decisions are being taken by BLOs. This needs to stop,” he added.

Bloggers, influencers accused of defaming Goa tourism

Team herald

CALANGUTE: Accusations have emerged from within Goa's tourism sector, alleging that social media bloggers and influencers are deliberately tarnishing the image of the coastal state, purportedly at the behest of rival regions and countries.

“There are bloggers and influencers who are trying to defame Goa and bring down the name of Goa. They're paid by some other states and countries. Because of them, the name of Goa is getting tarnished,” said John Lobo, President of the All-Goa Tourism Stakeholders Association (AGTSA), during a press conference held in Calangute.

Lobo laid blame on social media for the noticeable dip in tourist arrivals this season, stating that online personalities often seize upon isolated incidents or underperforming locations to create a negative por-

trayal of the entire state. “There are certain areas where there are fewer tourists and that is portrayed as the whole of Goa which is not true,” he asserted.

Echoing similar concerns, Cruz Cardozo, President of the Shack Owners Welfare Society (SOWS), expressed frustration at the impact of online narratives on public perception. “Everybody is saying tourists are less in Goa. Social media influencers have given us negative publicity for some reason. We request the government to take action against these influencers,” he said.

Calangute MLA Michael Lobo emphasised the importance of cleanliness and tourist safety in reviving the sector, while also pointing to the growing influence of online commentary in shaping perceptions of Goa.

Lobo also raised concerns about Goa's waning appeal to affluent international visitors.
